cudy WE3000 Wireless Network Card

Product Information

Specifications

- **Languages:** English, Italiano, Deutsch, Eesti, Norsk, Svenska, Ting Vit, Cestina, Suomi
- **Model Number:** 810600247
- **Manufacturer:** Cudy
- **Website: www.cudy.com**
- **Email Support: support@cudy.com**

Hardware Installation Instructions

1. Unplug the power cable of your computer and remove the case panel.
2. Connect the Bluetooth USB cable to the adapter.
3. Insert the adapter into a PCI-E X1 or higher slot.
4. Plug the Bluetooth USB cable into a USB connector. Note: Skip this step if you don't have an available USB connector on the motherboard. The Wi-Fi functionality does not require this step.
5. Connect the antennas to the adapter.
6. Mount the case panel back to the computer and boot it up.

Frequently Asked Questions (FAQ)

- **Q: Do I need to install any drivers for this adapter?**
  A: Yes, you can download the necessary drivers and manuals from the official Cudy website at **www.cudy.com/download**.

- **Q: Can I use this adapter with a laptop?**

  A: This adapter is designed for desktop computers with compatible slots. It may not be suitable for laptops.
- **Q: How do I troubleshoot if the adapter is not working after installation?**

  A: Ensure that the adapter is securely connected to the slot and that all cables are properly plugged in. You can also contact Cudy's technical support for assistance.
