cudy WR3600E BE3600 Gigabit WiFi 7 Router

Product Specifications

- Brand: Cudy
- Model: 810600368
- Wireless Frequency: 2.4 GHz / 5 GHz
- WPS Support: Yes
- Web Interface: <http://cudy.net/> or <http://192.168.10.1/>

Product Usage Instructions

Step 1: Hardware Connection

1. Turn off the modem and remove any installed battery.
2. Connect Cudy's WAN port to your ISP modem.
3. Turn on the modem and wait for about 2 minutes for it to restart.
4. Connect the power adapter to the router and wait for about 2-3 minutes until all LEDs turn solid, indicating a successful hardware connection.

Step 2: Network Connection

Choose one of the following methods:

1. **Wi-Fi Connection:** Connect your device to the router's Wi-Fi using the SSID and Password printed on the bottom of the router (e.g., SSID: Cudy-****-5G).
2. **Wired Connection:** Turn off Wi-Fi on your computer and connect it to the router's LAN port via an Ethernet cable.

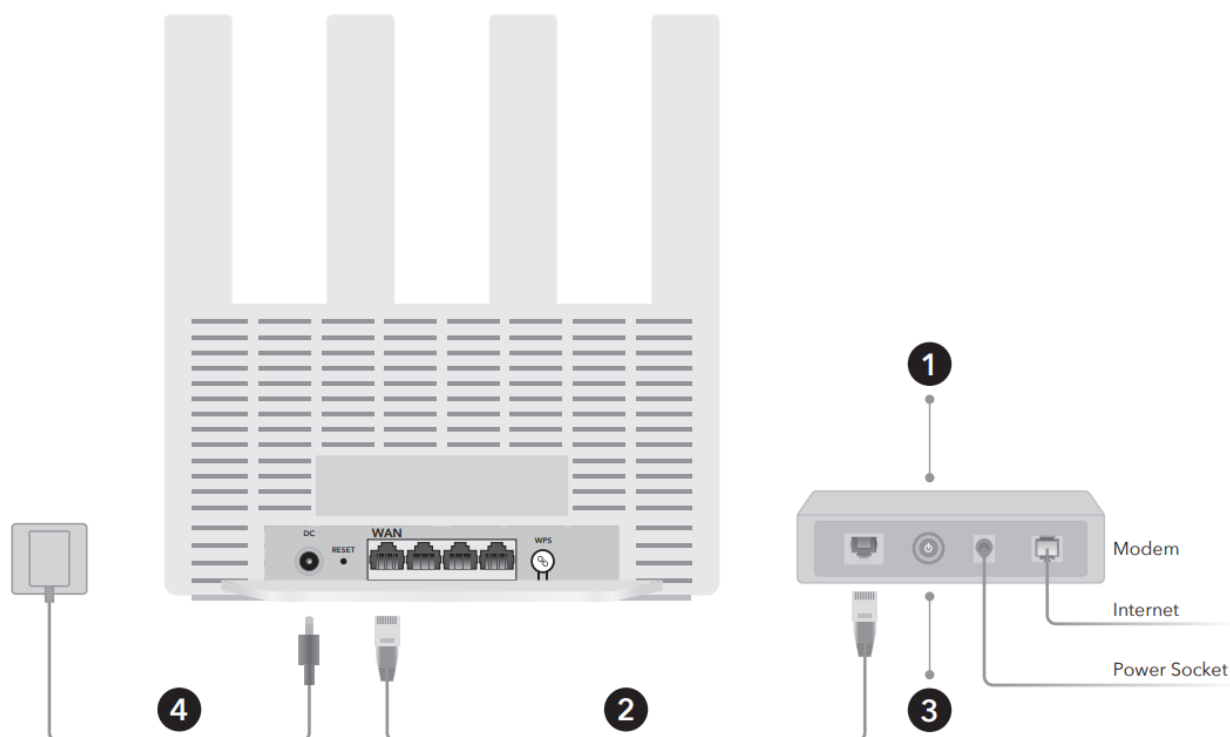

Step 3: Router Configuration

1. Launch a web browser and enter <http://cudy.net/> or <http://192.168.10.1/> in the address bar.
2. Create an administrator password to log in.
3. Follow the on-screen instructions to set up the internet connection.

FAQs

- **Q: Where can I find the original EU Declaration of Conformity for the product?**
 - A: The original EU Declaration of Conformity can be found at <http://www.cudy.com/ce>.
- **Q: How can I download the Cudy App?**
 - A: Scan the QR Code provided with the product to download the Cudy App.

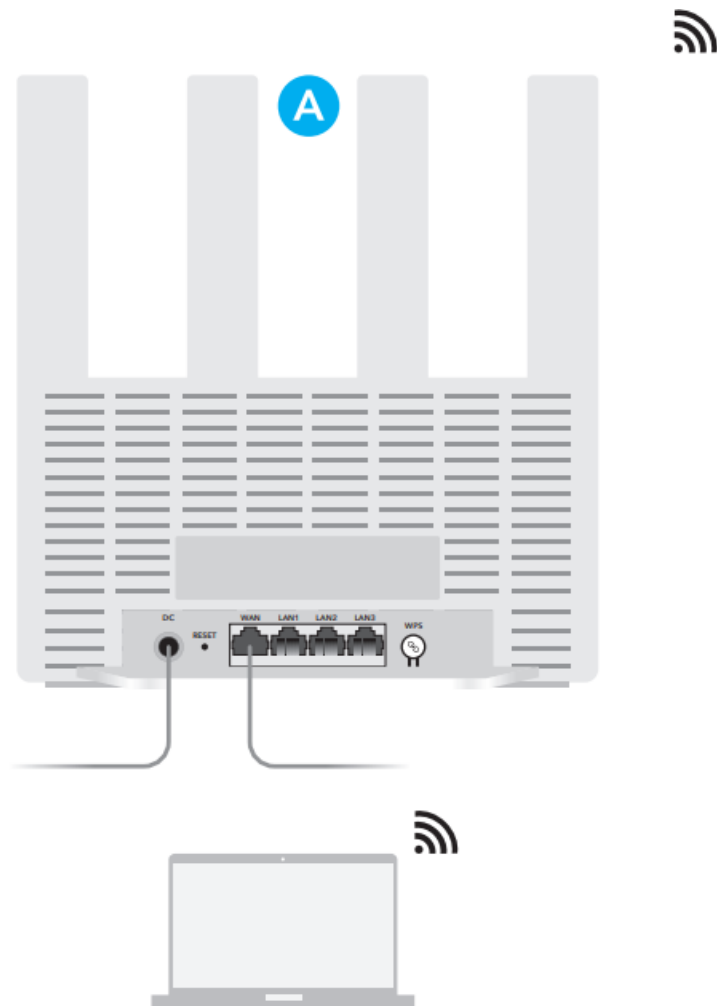

INSTALLATION INSTRUCTION

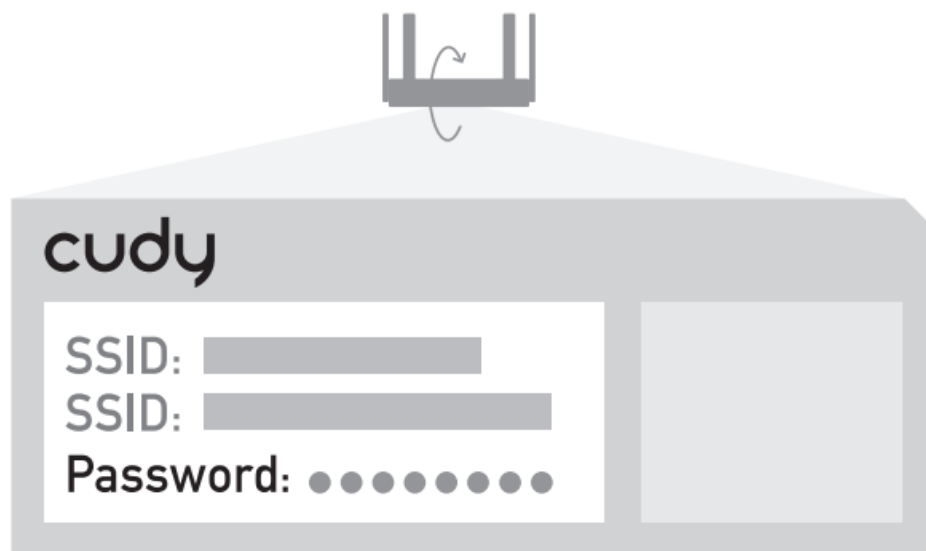

1. Turn off the modem, and remove the battery if it has one.
2. Connect Cudy's WAN port to your ISP modem.
3. Turn on the modem and then wait about 2 minutes for it to restart.
4. Connect the power adapter to the router. Then wait for about 2-3 minutes until the five LEDs turn solid on, indicating a successful hardware connection.

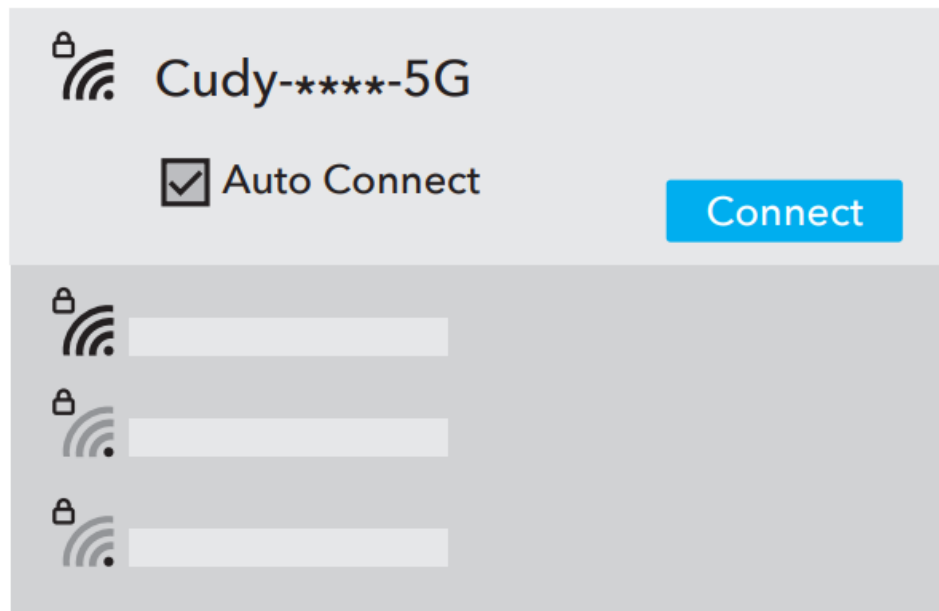

5. Connect the router via A or B method.

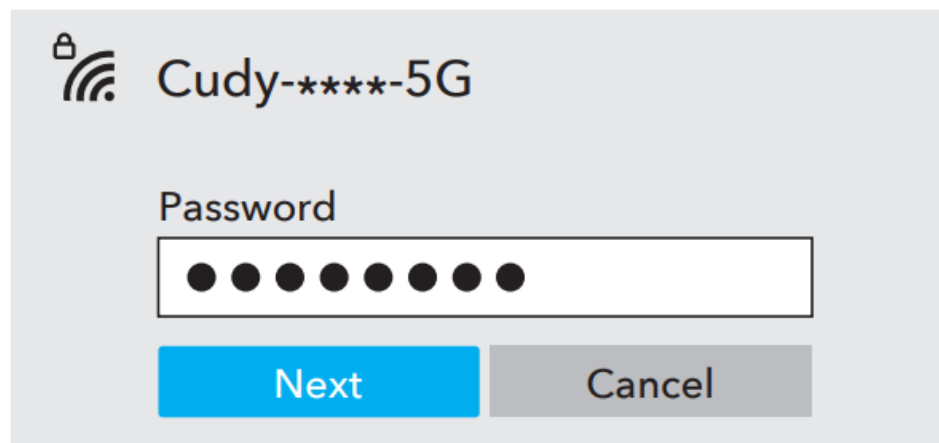

- **A Wi-Fi:** Connect your device to the router's Wi-Fi using the SSID (network name) and Password printed on the bottom of the router.

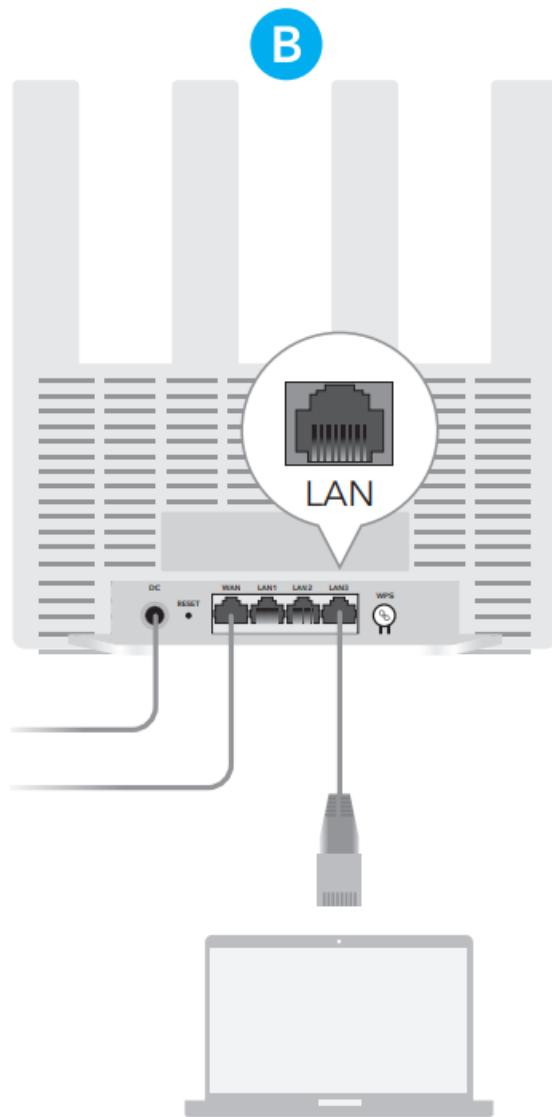

A screenshot of a Wi-Fi selection interface. At the top, there is a Wi-Fi icon with a lock, followed by the text "Cudy-*****-5G". Below this, there is a checkbox labeled "Auto Connect" which is checked. To the right of the checkbox is a blue button labeled "Connect". Below the "Auto Connect" section, there are three more Wi-Fi icons, each with a lock, followed by empty text boxes for selection.

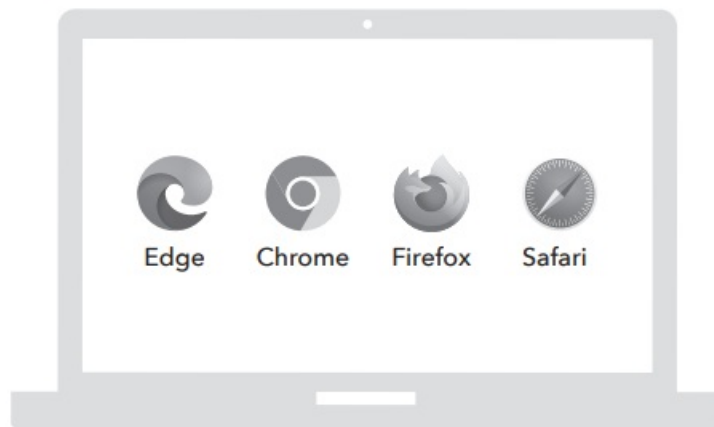

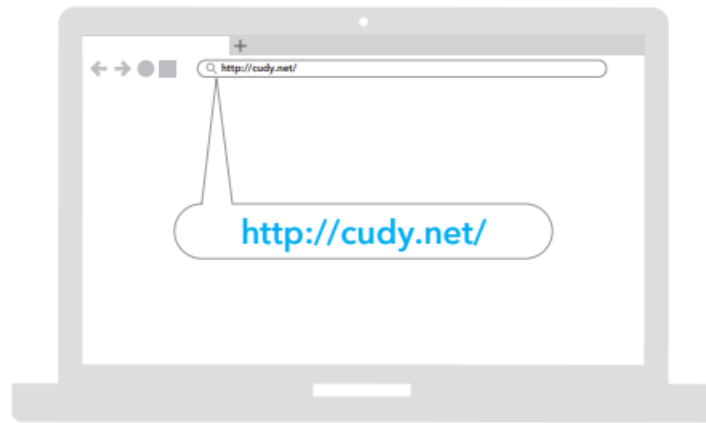

A screenshot of a password entry screen. At the top, there is a Wi-Fi icon with a lock, followed by the text "Cudy-*****-5G". Below this, there is a label "Password" above a text box containing eight black dots. At the bottom, there are two buttons: a blue button labeled "Next" and a gray button labeled "Cancel".

- Go to step 6 and continue.
- **B Wired:** Turn off the Wi-Fi on your computer and connect it to the router's LAN port via an Ethernet cable.

6. Launch a web browser, and enter <http://cudy.net/> or <http://192.168.10.1/> in the address bar. Create an administrator password to log in.

7. Then window below will pop up, please follow the step-by-step instructions to set up the internet connection.
