LEMO Learning Tower Set

Tutorial video

https://go.cybex-online.com/lemo-lts-instructional-video

IMPORTANT! READ CAREFULLY AND KEEP FOR FUTURE REFERENCE THANK YOU!

We are delighted that you have chosen a CYBEX Learning Tower Set. You have purchased a useful, versatile, high-quality product. CYBEX wishes you and your child all the best, and many magical moments with your new product. Read all instructions before assembling and using the CYBEX Learning Tower. The safety of your child is your responsibility.

⚠ WARNING

- · Never leave the child unattended.
- Assemble and attach the product according to user instructions.
- Do not assemble the ring while the child is standing or sitting on the chair.
- Ensure that the seat board is fixed tightly and locked in after adjusting the height.
- Be aware of the risk of open fire and other sources of strong heat in the vicinity of the product.
- Do not carry the learning tower while the child is inside.
- This product is for indoor use only.
- Keep the Learning Tower inaccessible to children while not in use.
- This product is not a toy. Do not let children play with this product.

USING THE PRODUCT

• When LEMO is used as a Learning Tower in combination with LEMO Learning Tower Set, this product is intended for children who can stand independently. Max. load 25kg (55lbs). From approx. 1 to 5 years*, a

maximum height of 110cm or a maximum weight of 25kg.

- Ensure that the ring is at hip height.
- Use this Learning Tower only on flat, even and horizontal surfaces. Never elevate the Learning tower on any structure or table.
- Reduce the risk of injury! Position the Learning Tower away from hot surfaces and liquids, window cords and electrical cords.
- Do not use the Learning Tower if any of the product's parts are broken, torn, missing or the product itself is not working properly. Seek repair if any of these cases happen.
- This product is not intended to be used while the child is sleeping or sitting.

MAINTENANCE AND CLEANING

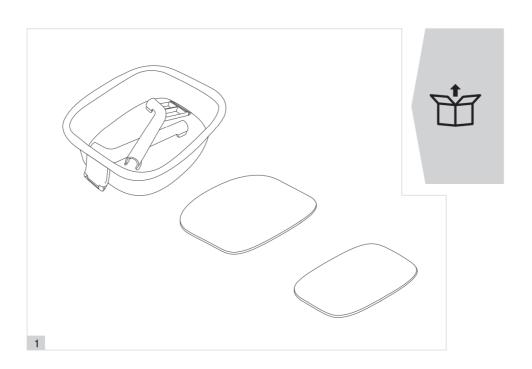

- The user is responsible for the regular maintenance of the product.
- · Regularly inspect the assembly of this accessory.
- All connecting parts must be tight and secured properly.
- Re-tighten the screws regularly, preferably 1-2 weeks after assembly of the chair. After that you should check on and retighten the screws if necessary on a regular basis, e.g. every one month.
- Use only original CYBEX replacement parts. It may be unsafe to use substitutes.
- Do not make any modifications to the product.
- If you have any complaints or problems, please contact your supplier or importer.
- Never store in a damp environment.
- Make sure that the anti-slip mats and wooden surfaces are dry before placing them on the product. Please remove the mats when the product is not in use.
- Clean the Learning Tower with a damp cloth and a mild detergent and dry thoroughly.
- Do not use abrasives or ethanol-based products to clean the chair.
- Remove water or other liquids immediately with a dry cloth.
- Do not expose to direct sunlight for drying.
