Installation

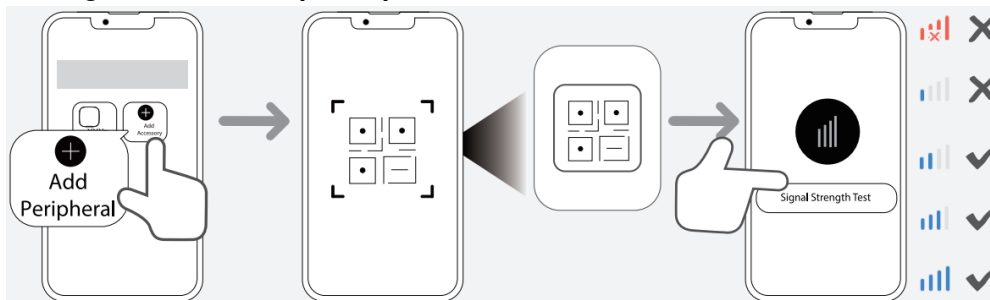

Fixing the Wireless Input Expander

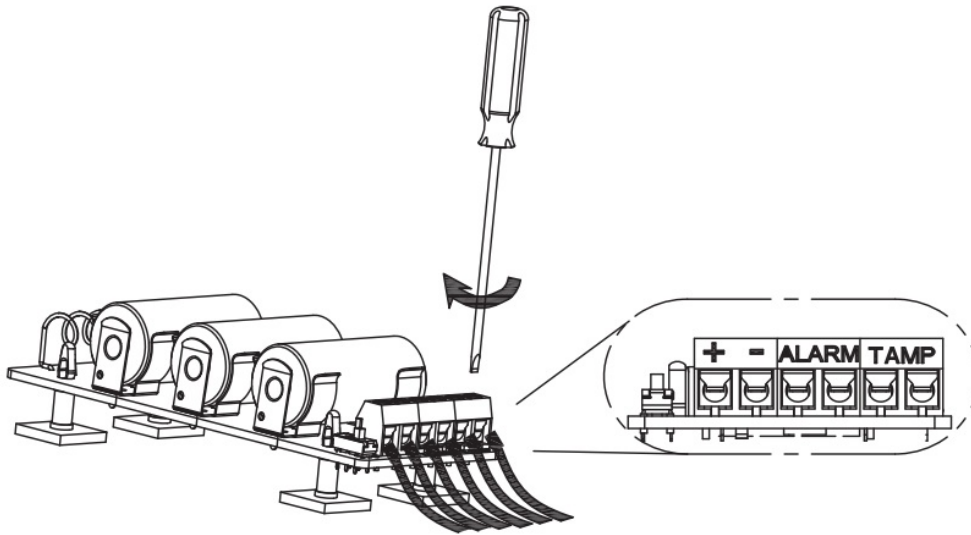

Fix the Expander onto a flat surface, and unplug the mylar film.

Adding the Wireless Input Expander to the Hub

- Make sure that you have added the hub to DMSS app.
- Make sure that the version of the app is 1.99.420 or later, and the hub is V1.001.0000006.0.R.230404 or later.

Installing the Wireless Input Expander

Scan the QR code on the package to receive the user's manual for more information on the device and its installation procedures.
