FAQ

Q: Can I use the remote kit with other compressor models?
A: The remote kit is specifically designed for BD Compressors and may not be compatible with other models.

Q: How do I troubleshoot connectivity issues with the remote kit?
A: Check the batteries in the remote, ensure proper alignment, and verify there are no obstructions between the remote and the compressor.

Q: Is it possible to extend the cable length of the remote kit?
A: It is recommended to use the provided 750 mm cable for optimal performance and safety.
