**Danfoss RA-FN React RA Click Radiator**

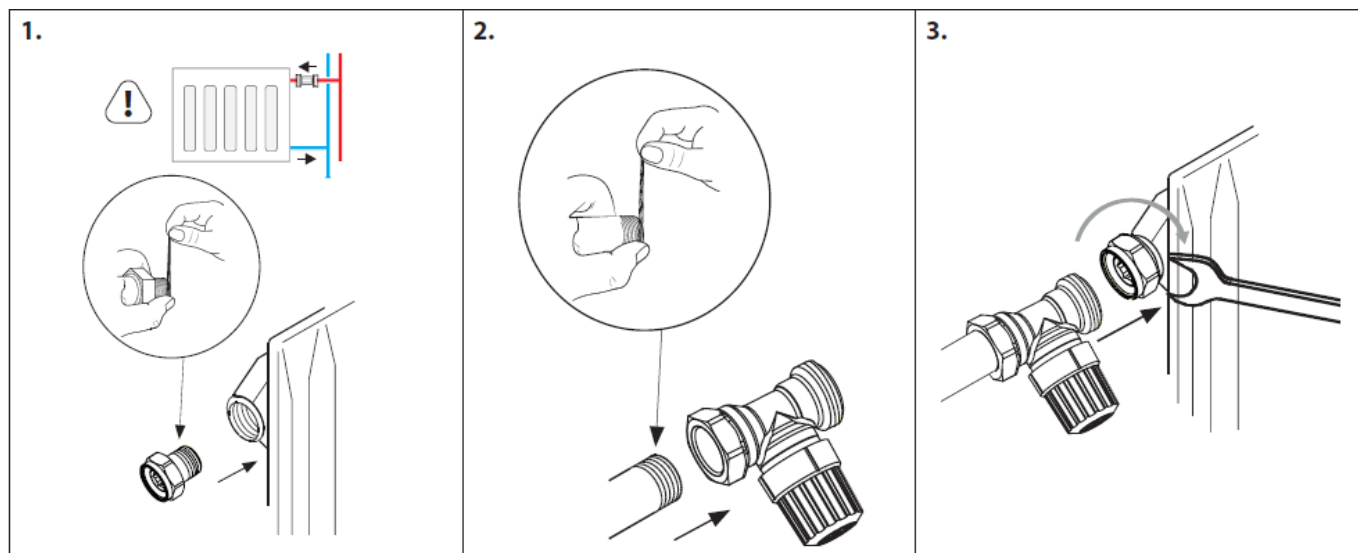

## Product Information

The product mentioned in the user manual is the Danfoss React™ RA click with RA-FN & RLV-S. It is also referred to as Danfoss React™ RA with RA-FN & RLV-S. The product model numbers are 015G5356, 015G5357, and 015G5359. These model numbers may vary depending on the specific variant or version of the product. The user manual is identified by the code AN452052824217en-000101.

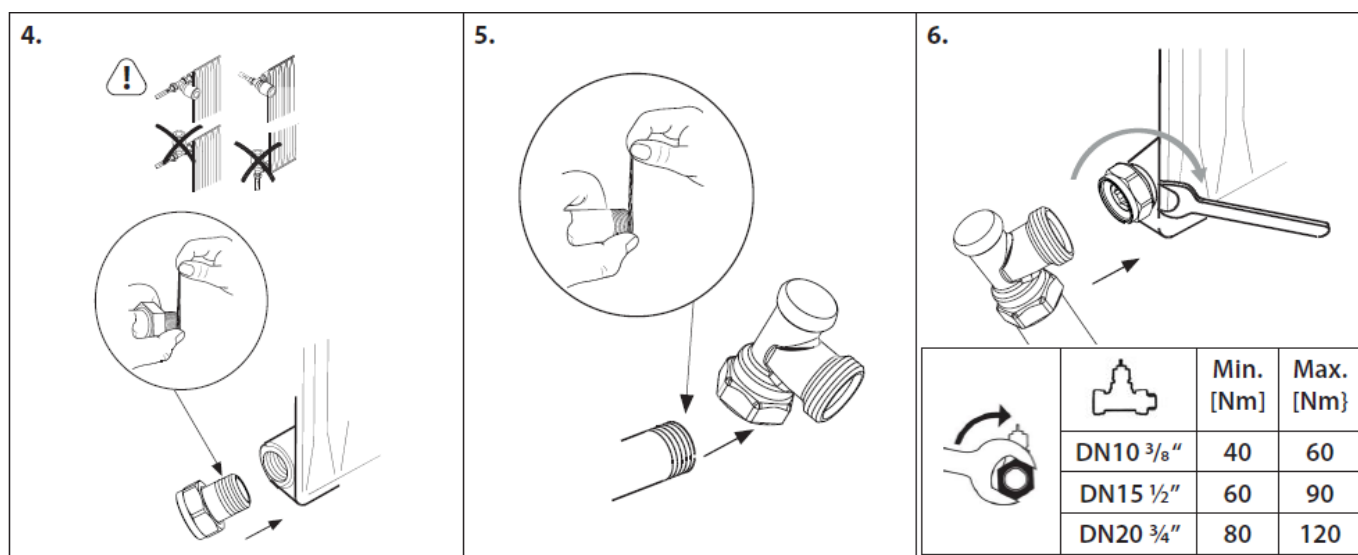

## Product Usage Instructions

1. Begin by referring to the Installation Guide for detailed instructions on how to install the Danfoss React™ RA click with RA-FN & RLV-S.
2. Ensure that all necessary components, including the RA-FN and RLV-S, are available for installation.
3. Follow the step-by-step instructions provided in the user manual to properly connect and configure the Danfoss React™ RA click with RA-FN & RLV-S.
4. Pay attention to any warning signs or symbols indicated in the user manual to ensure safe installation and usage.
5. Once the installation is complete, refer to the user manual for information on how to operate and control the Danfoss React™ RA click with RA-FN & RLV-S.
6. If you encounter any issues or have any questions, consult the troubleshooting section of the user manual or contact Danfoss customer support for assistance.
