Battery Installation

Insert the battery's alignment lugs into the recesses, then press firmly until the battery latch clicks twice:

Charging Instructions

The battery pack is not initially fully charged. After installing the battery, charge it with the USB cable or with the single dock.

Charge with USB

You can use a standard micro USB to USB cable in conjunction with a power supply adapter to charge the

Scorpio X4 from a power outlet.

NOTE Use only a Data logic approved power supply.

⚠ **CAUTION** Don't insert the wall charger into the micro USB port when the Scorpio X4 is inserted into the dock.

Charge with the Single Slot Dock
SD Card Installation

1. Turn off the Scorpio X4 (press the power key and waiting for device power off).
2. Pull the battery latch down and remove the battery pack:

3. Shift the cardholder upwards and then pull it up:

4. Insert the microSD card with the written part upward:

5. Lock the card into place by pushing the cardholder down and then shifting it downwards:

6. Insert the battery's alignment lugs into the recesses, then press firmly until the battery latch clicks twice:

Synchronize your Device with the PC

Set up Synchronization using Windows Mobile® Device Center

Windows Mobiles Device Center can be downloaded from Microsoft website **www.microsoft.com**. It is only compatible with Windows Vista and Windows 7; if you run Windows XP or earlier, you have to download Microsoft ActiveSync.
You can establish a connection to your Scorpio X4 through the following interfaces:

- USB either directly or through the Single Dock • RS232 either directly or through the Single Dock
- Bluetooth®

To establish a partnership between the Scorpio X4 and a host PC, start Windows Mobiles Device Center and follow the steps below:

1. Connect the Scorpio X4 to the host PC. Windows Mobiles Device Center configures itself and then opens.
2. On the license agreement screen, click Accept.
3. On the Windows Mobiles Device Center's Home screen, click Set up your device.
4. Select the information types that you want to synchronize, then click Next.
5. Enter a device name and click Set Up.

When you finish the setup wizard, Windows Mobiles Device Center synchronizes the mobile computer automatically. Microsoft* Office Outlooks emails and other information will appear on your device after synchronization.

USB Direct Connection

USB HandyLink™ Connection

. For Windows Embedded Compact 7 models only.
