8	Indicator light
9	Emergency lock cover

First opening

- Push up the small cover plate on the right of the electronic panel to expose the emergency keyhole. Insert the emergency key and turn it counterclockwise. Then turn the knob clockwise to open the door.
- **Note:** Please keep the emergency key and user manual in a safe place, but not in the safe.

Battery installation

- The battery case is located behind the door. Remove the battery box cover and place the batteries (4*1.5V, type AA) correctly according to the polarity. Always ensure you are using new batteries with a full charge.

Password setting

- The factory password is 159. For safety, please set your personal password in time.
- Press the reset button located on the back cover of the door. The system will beep once, and the yellow indicator light will turn on.
- Input the new code(3-8 digits) and Press “A” or “B” on the electronic keypad to confirm, then the yellow indicator light will turn off.
- The new passcode is successfully set with a beep.
- **Note:** Test the new passcode with the door open before locking the door.

Opening the safe

- Input the correct password, press the “A” or “B” key to confirm, the buzzer beeps once, and the green indicator light turns on. Please ensure turn the knob to open the door within 5 seconds.
- The safe will enter a 20-second lockout if the wrong passcode is entered 3 consecutive times. After the 20-second lockdown, it will automatically unlock.
- **Attention:** Entering the wrong passcode 3 more times will lock the safe for 5 minutes.

Locking the safe

- Simply close the door and turn the knob counterclockwise.

Replace the battery

- Press “A” or” B” key after pthe asscode input if the red indicator lights up when the green indicator light blinks, which indicates low voltage. Please replace the batteries.

Emergency opening

- The emergency keys allow you to open the safe at all times, even when the batteries are run out or you have forgotten the codes. The operation method is the same as “first opening”.

Product installation

- The product with predrilled mounting holes for easy fixing to a floor or wall with included expansion bolts.

Precautions for use

- Keep away from direct sunlight and heat sources, and prevent the product from falling from a high altitude. Keep it in a safe place.
- If you do not use the product for a long time, please take out the battery to prevent leakage from damaging the electronic system.
