### DELL EMC Support and Service for APEX

### Support and Service

For additional APEX support, access resources from the Support section of the APEX Console.

**Customer Success Manager:**

The Customer Success Manager (CSM) ensures a worry-free experience. Your CSM can help you customize a solution to meet your needs, add capacity to a current solution, or answer questions about billing and subscriptions. (Not included with APEX Hybrid Cloud or APEX Private Cloud.).

**Organization Administrator:**

Contact your organization administrator to have a new user account created for your team and have additional permissions applied to your account.

**Tech Support:**

Gain access to technical support contacts, including phone numbers, a link to log service tickets, and access to the Dell Technologies knowledge base.

**Service Request:**

Request items to manage and configure APEX.

**Support Request:**

Report service outages or other problems.

**Support Documentation:**

For APEX support documentation, see the APEX support pages at [dell.com/support](https://dell.com/support).

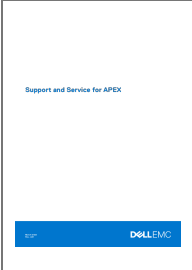

**Service Events:**

View current and active APEX Console outages.
