Unboxing

Plug your machine in

- Select your language and confirm the selection
- The machine leads you step by step

Making espresso

Insert the coffee filter and then the funnel

Insert the portafilter and push to run grinding

Wait until grinding is complete and extract the portafilter

Check the dose

Low dose

If the tamper reads “-1 ” or “-2”, the coffee powder is not enough and a top up is necessary.

push & release to start

Perfect dose

If the tamper reads "OK", the dose is correct.

Excessive dose

If the tamper reads "+1" or "+2", the coffee powder is excessive and you need to adjust it with the 'Dose Adjust' tool.

Remove the funnel and insert the portafilter into the brewing unit and put the cup under the hot water spout

Rinse to heat the cup

Put the heated cup under the portafilter
Placez la tasse chauffée sous le porte-filtre
Colocar la taza caliente debajo del portafiltro

What milk provides the best froth results?

Prepare your drink with cow milk or plant-based beverages!

Pour the refrigerated milk in the pitcher: the quantity has to be kept between MIN and MAX level.

Cleaning
