DELTACO SH-DB02 Smart Doorbell Camera

Product Information

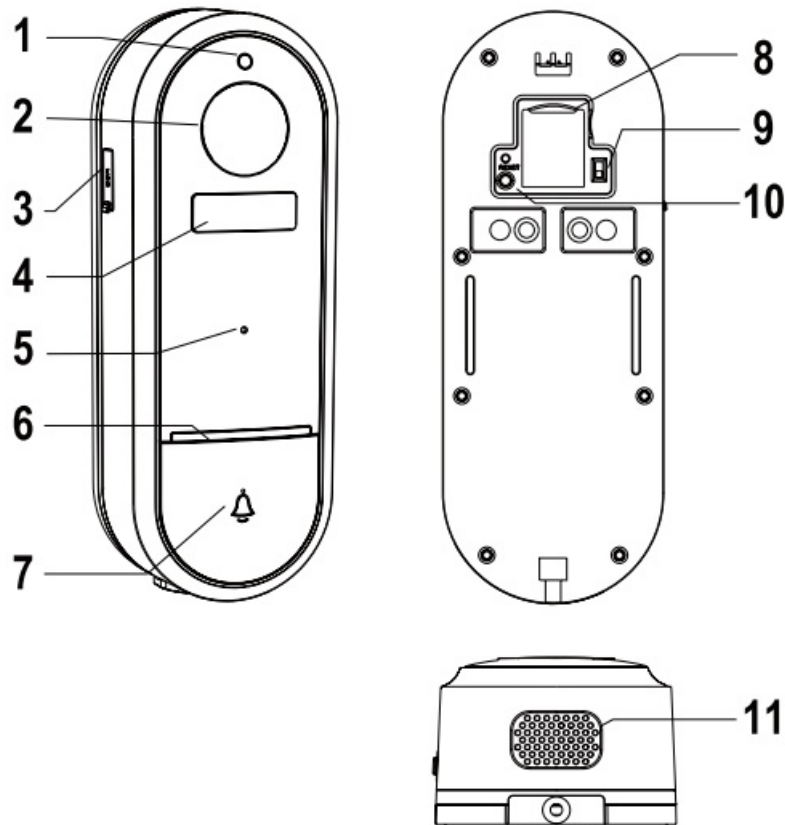

The SH-DB02 Smart Doorbell Camera is a device that allows you to monitor and communicate with visitors at your front door. It features a camera lens, microphone, speaker, LED indicator, doorbell button, and a MicroSD slot. The device can be powered by either batteries or a Micro USB cable. It also has an infrared sensor and a light sensor for night vision and motion detection. The device can be reset if needed.

Product Usage Instructions

1. Decide on the installation method you prefer with batteries or USB cable.
2. Mount the back cover to the wall with screws (included).
3. Option 1: Connect the Micro USB cable or Option 2: Install the 18650 batteries (included).
4. Install MicroSD card (not included).
5. Reset the doorbell by pressing and holding the reset button for about 5 seconds.
6. Mount/hang the doorbell onto the back cover.
7. The LED indicator will show different colors depending on its status: Red = the camera is just turning on or there is something malfunctioning. Flashing red = waiting for WiFi connection. Flashing red fast = connecting to WiFi. Flashing blue = connecting to internet. Blue = connected.
8. Clean the outside of the device using a soft cloth. Do not use cleaning solvents or abrasives. Do not clean the inside of the device. Do not attempt to repair the device. If the device does not operate correctly, replace it with a new device.
9. For more product information, please visit www.deltaco.eu or contact us by e-mail: help@deltaco.eu.

Thank you for choosing Deltaco!

Overview
