### **Installation**

1. Connect (1) to your water tap, use plumber's tape if needed.
2. Connect (5) to your water hose or water pipe.
3. Press the on/off button to turn the device on or off.
4. To use the smart functions please see the app installation chapter.

### **App installation**

1. Download and install the app "Deltaco smart home" from Apple App Store or Google Play Store on your mobile device.
2. Launch the app "Deltaco smart home".
3. Create a new account or log in to your existing account.
4. Tap "+" to add the device.
5. Choose category and then the type of product from the list.
6. Connect the device to power.
7. If the LED/lamp does not flash: Reset the device. If the status indicator flashes: Confirm in the app.
8. Confirm the Wi-Fi network and password.
9. Enter the device name.

If you want to add the product to Google Home or Amazon Alexa, search for "Deltaco Smart Home" in the Google

Home or Amazon Alexa app and login to your Deltaco Smart Home account. You might need to choose “discover devices” or add the product manually in the Google Home or Amazon Alexa app before you can use it.

### Add service to Google home

Add the device to google home.

Add the service “Deltaco Smart Home”.

### Add device to Amazon Alexa

Use the menu “Skills & Games” and search for

“Deltaco Smart Home”. Enable the app and login.

Use discover to add the device.

### Cleaning and maintenance

Do not use cleaning solvents or abrasives.

Do not clean the inside of the device.

Do not attempt to repair the device. If the device does not operate correctly, replace it with a new device.

Clean the outside of the device using a soft cloth.
