How to fold the keyboard case to a smartphone/tablet stand.

The keyboard is automatically powered on when unfolded and powered off when folded.

Charging the battery

- The battery needs to be recharged when the RED LED is lit.
- Connect the supplied charging cable to the CHARGE INPUT and a USB port on your computer or USB charger.
- The RED LED is lit during charging.
- When the battery is fully charged, the RED LED is turned off.
- An empty battery is fully charged in approximately 2 hours.

Pairing the keyboard with a Bluetooth device

- Power the keyboard on.
- Wait until the GREEN LED is turned off.
- Press and hold the FN key and then press the C key.
- The BLUE LED starts blinking.
- The keyboard is now detectable by other Bluetooth devices.
- On your tablet, search for Bluetooth devices.
- Refer to your tablet user manual if needed.
- On your tablet, select the Bluetooth device called
- "Bluetooth 3.0 Keyboard".
- Type in the numeric code that appears on the screen of your tablet.
- The BLUE LED stops blinking, indicating a successful pairing.

Selecting operating system

- Press and hold the FN key and then press the iOS, Android, or Windows keys.

Sleep mode

- The keyboard will go into sleep mode after 10-15 minutes.
- Press any key to wake from sleep.

Support

- Please contact us if you have any problems with the use or installation of your product.
