DELTACO

DELTACO TB-137 Bluetooth Keyboard Case

Product Information

- **Product Name:** TB-137 Bluetooth Keyboard Case
- **Brand:** Nordic Brand
- **Compatibility:** Configured to connect with an Android tablet
- **Charging Time:** Up to 3 hours
- **Indicator Lights:** Battery indicator light for low battery and Bluetooth indicator light for connection status

Product Usage Instructions

1. Charge the keyboard's battery using the included USB cable and a computer or other charging station. The battery indicator will light up during charging and turn off when fully charged.
2. Turn on the keyboard using the power switch.
3. Press the connect button. The Bluetooth indicator light will start to blink, indicating that the keyboard is discoverable to other devices.
4. Search for Bluetooth devices on your tablet's settings. When the keyboard appears on your device list, select it.
5. A code will appear on your screen. Type this code on your keyboard and press the enter key.
6. Once the keyboard is connected, the Bluetooth indicator light will stay off, indicating that the keyboard is ready to use.

Product Disposal Information

This product should not be treated as regular household waste and must be returned to a collection point for recycling electrical and electronic devices. For more information, contact your municipality, waste disposal services, or the retailer where you purchased the product.

product Additional Support

For more product and support information, visit www.deltaco.eu.

This wireless Bluetooth keyboard is configured to connect to an Android tablet.

Installation

For first time use you will have to charge the keyboard' battery. Connect the included USB cable from the keyboard to your computer or other charging station. The battery indicator will light up during charging and will turn off when the battery is fully charged. Charging can take up to 3 hours to complete. When the battery is low on power the indicator will light up.

Connection

1. Turn on the keyboard using the power switch.
2. Press the connect button. An indicator light will start to blink and the keyboard is now discoverable to other devices.
3. Search for Bluetooth devices on your tablet's settings.
4. When the keyboard appears on your device list, you can then connect to it.
5. A code will appear on your screen. Type this code on your keyboard and press the "enter" key.
6. When the keyboard is connected the Bluetooth indicator light will stay off and your keyboard is now ready to use.

Support

More product and support information can be found at www.deltaco.eu.

SIMPLIFIED EU DECLARATION OF CONFORMITY
