**DELTACO**  
A NORDIC BRAND

**DELTACO TB-632 Wireless Mini Keyboard with Muted Keys**

## Product Information

The TB-632 is a compact wireless keyboard from a Nordic brand. The keyboard automatically installs any needed drivers when connected to a computer. It has a sleep mode that activates after 10 minutes of inactivity, and can be woken up by pressing any key. Additional product and support information can be found at [www.deltaco.eu](http://www.deltaco.eu). The maximum RF output (EIRP) is not specified.

## Product Usage Instructions

1. Charge the battery before first use.
2. Connect the wireless receiver to your computer.
3. Turn on the keyboard using the power switch on the underside of the device.
4. The keyboard will automatically install any necessary drivers on your computer.
5. Use the keyboard as you would any other keyboard.
6. If the keyboard goes into sleep mode after 10 minutes of inactivity, press any key to wake it up.
7. If you need additional product or support information, visit [www.deltaco.eu](http://www.deltaco.eu).
8. When disposing of the keyboard, do not treat it as regular household waste. Instead, return it to a collection point for recycling electric and electronic devices. More information can be found from your municipality, waste disposal services, or the retailer where you purchased the product.

## Installation

- Insert two AAA batteries into the battery compartment.
- Connect the USB dongle to a USB port on your computer. The USB dongle can be found inside the battery compartment.

Your computer will install any needed drivers automatically.

## Function keys

- Press the Fn key in combination with F1-F12 to trigger special functions.

## Sleep mode

The keyboard will go into sleep mode after 10 minutes. Press any key to wake from sleep.

## Support

More product and support information can be found at [www.deltaco.eu](http://www.deltaco.eu).

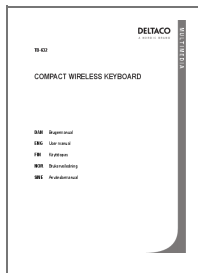

Disposal of electric and electronic devices EC Directive 2012/19/EU This product is not to be treated as regular household waste but must be returned to a collection point for recycling electric and electronic devices. Further information is available from your municipality, your municipality's waste disposal services, or the retailer where you purchased your product.

## SIMPLIFIED EU DECLARATION OF CONFORMITY

The simplified EU declaration of conformity referred to in Article 10(9) shall be provided as follows: Hereby, DistIT Services AB declares that the radio equipment type wireless device is in compliance with Directive 2014/53/EU. The full text of the EU Declaration of Conformity is available at the following internet address:  
[www.aurdel.com/compliance/](http://www.aurdel.com/compliance/).

DistIT Services AB, Suite 89, 95 Mortimer Street, London, W1W 7GB, England DistIT Services AB, Glasfibergatan 8, 125 45 Älvsjö, Sweden.
