## FEATURES

- Steampunk design is based on old-fashioned industrial style and includes gears, a globe, and Roman numbers.
- **High-Quality Construction:** It's made from artist's plastic and real crushed stone to make it look real and last a long time.
- **Hand-Painted Finish:** Skilled artists paint each clock by hand, giving each one a unique and artistic look.
- Heightened design with different-sized gears and a globe to give it more depth and visual interest.
- As long as you have one AA battery (not included), the quartz clock will work smoothly and quietly.
- A traditional clock face with big Roman numbers and metal hands is shown on an analog display.
- **Easy to Install:** It comes with two keyhole holes that make it easy to hang on walls.
- Decor that goes with a lot of different styles, like steampunk, industrial, country, and more.
- **Exclusive Design:** This piece is only available at Design Toscano and can't be found anywhere else.
- **Artistic Details:** It was sculpted by Alberto Batani, who is known for making patterns that are very complicated and creative.
- Art that is both useful and beautiful, practical art is sure to get people talking in any place.
- **Fits a Variety of Rooms:** Great for living rooms, kitchens, bedrooms, and themed rooms like steampunk or adventure rooms.
- **Size:** 15"W x 17.5"H x 2"D, which makes it a big piece to hang on the wall.

- **Decorative Focal Point:** Its big, bold design makes it stand out and improves the mood of any room.
- **Quality Assurance:** Design Toscano has a reputation for making high-quality products and making sure customers are happy.

## SETUP GUIDE

- **Step 1:** Carefully take the clock out of its box so you don't damage the paint or plastic finish.
- **Putting in the batteries:** On the back of the clock, find the quartz moving device and put one AA battery into it.
- **How to Hang:** Find the two keyhole slots on the back of the clock and line them up with wall screws or nails.
- **Leveling:** Make sure the clock is level after hanging it to keep it accurate and make it look good.
- **Environment:** Keep the finish in good shape by keeping it out of direct sunlight and away from too much moisture.
- **Stability:** Make sure the clock is firmly connected to the wall so it doesn't fall or get damaged by chance.
- **Positioning:** Put the clock on a wall that stands out so it can be seen and enjoyed as a focal point.
- **Maintenance:** Check the battery often to make sure it works all the time.
- **Room Compatibility:** Think about the lighting and style of the room to get the most out of the clock's appearance.
- To keep the clock from breaking, don't put big things near it that could fall and hurt it.
- **Cleaning:** Use a soft cloth to dust the clock every so often to keep the finish in good shape and make it look its best.
- **Adjustment:** If you need to, use the knob on the back of the clock to change the time.
- **Change the Battery:** When the clock stops moving, change the AA battery to make sure it keeps accurate

time.

- **Artistic Appreciation:** Tell your friends to enjoy the artistic details and one-of-a-kind design elements.
- Take a seat and enjoy the unique style and useful beauty of your Design Toscano clock.

## CARE & MAINTENANCE

- **Dusting:** Use a soft, dry cloth to dust the clock on a regular basis to keep dirt and grime from building up.
- **Do Not Get Wet:** To protect the plastic and paint, keep the clock away from water or wet places.
- **Avoid Harsh Cleaners:** Do not use acids or rough cleaners that could damage the finish that was made by hand.
- **sunshine:** To keep the paint from fading over time, keep it out of direct sunshine as much as possible.
- **Secure Hanging:** Make sure the clock is hung tightly so it doesn't fall or get damaged by chance.
- **Battery Life:** Keep an eye on the battery life and change it when it gets low so that the machine can keep running.
- **Checking the Clock Regularly:** Check the clock regularly for any signs of wear or broken parts.
- **Stable Environment:** Put the clock somewhere stable to keep it from shaking and messing up the time.
- **Artisan Appreciation:** Each Design Toscano piece is made with a lot of skill and artistic detail.
- **Do Not Drop:** Be careful when moving or cleaning the clock so that it does not fall over by chance.
- **Display Thoughts:** Think about where the clock will look its best without putting it at risk of breaking.
- **Periodic Adjustment:** Use the knob on the back to check the time every so often and make any necessary changes.
- **Avoid Extreme Temperatures:** To keep the plastic from breaking, keep the clock in a room with mild temperatures.
- **Happiness:** Your Design Toscano clock will give you years of pleasure with its one-of-a-kind charm and useful beauty.
