**DEWALT DCF414 20V MAX XR Brushless Cordless Rivet Tool**

## Product Information

The DCF414SS is a 1/4 Rivet Tool from DEWALT that allows you to quickly and easily change nose pieces without the use of another tool. The tool features an on-board LED light to illuminate dark workspaces and a mandrel collector that collects and stores loose mandrels after each shot. The tool also comes with on-tool storage for efficient nose piece changes. With a pulling force of 4,500 lbf (using DCBP034 battery), a stroke length of 1.18", a tool height of 8.6", a tool weight (tool only) of 3.6 lbs., and a tool length (tool only) of 10.5", the DCF414SS can fasten up to 300 rivets per charge to maximize productivity on the jobsite. The tool comes with a 3-year limited warranty and a 1-year free service warranty.

## Product Usage Instructions

1. Insert the appropriate nose piece into the tool.
2. Place the tool onto the rivet and squeeze the trigger to pull the mandrel through the rivet.
3. The mandrel collector will collect and store loose mandrels after each shot.
4. If you need to change the nose piece, use the on-tool storage to quickly and efficiently change it without the use of another tool.
5. Illuminate dark workspaces with the on-board LED light.
6. The DCF414SS can fasten up to 300 rivets per charge\*\* to maximize productivity on the jobsite.

\*\* With 1/4 stainless steel rivets and DCBP034 battery.

The 20V MAX\* XR® Brushless Cordless 1/4" Rivet Tool is lightweight yet powerful with a brushless motor that delivers 4,500 lbf of pulling force for fastening aluminum, steel, and stainless steel blind rivets up to 1/4". With the capability to fasten up to 300 rivets per charge\*\*, in addition to tool free nose piece changes and on-board nose piece storage, this cordless rivet tool has the power and features needed to maximize productivity on the jobsite.
