didj 60-10 LeapFrog Custom Gaming System

# didj 60-10 LeapFrog Custom Gaming System User Guide

**Contents**

**didj 60-10 LeapFrog Custom Gaming System**

## Product Information

The DIDJTM custom gaming system is designed for 1st to 4th grade players (6-10 years) and combines video game fun with core school skills. With the DIDJ, you can customize gameplay by creating your own avatars (Didjis) and downloading new features (Micromods) to make it your game. You can also customize the learning included in each game by downloading your own spelling list or choosing the skills that you are studying in school.

## Specifications

- L and R shoulder buttons
- Pause button
- Menu button
- Brightness control
- D-pad
- Battery compartments (back)
- Cartridge slot
- USB cord slot
- On/Off button
- Hint button
- A & B buttons for gameplay
- Volume control
- AC adapter jack (AC adapter sold separately)
- Headphone jack

## Product Usage Instructions

### Getting Started
Read all Cautions and Warnings before using the DIDJ.

### Set up the DIDJ Handheld

1. Start the DIDJ handheld by sliding the On/Off button.

2. Select a country (required the first time only).

3. Create a profile by entering a nickname and grade or year in school. This information can be changed at any time from the About Me menu screen.

4. The DIDJ handheld can store profiles of up to three players and a guest. To delete a player profile, go to the About Me menu screen on the handheld.

5. Select a profile on the Player Select screen to begin.

## How to Install

- Insert the included CD-ROM into your computer's disk drive to install the application.
- Follow the instructions on the computer screen to complete the installation process and to register.
- If you already have the LEAPFROG Connect Application installed for another device, you will still need to insert the included CD into your computer's disk drive to install your DIDJ software.

### Connect the DIDJ Handheld to the Computer
Turn on the DIDJ handheld and connect it to the computer using the included USB cord.

Note: During normal play, the DIDJ handheld will automatically turn off after 5 minutes of inactivity. Turn on the handheld by pressing the On/Off button. While the DIDJ handheld is connected to the computer, it will not shut down automatically. Wait until the device has finished downloading and can be disconnected before turning off the handheld.

### Navigating the DIDJ Handheld
The DIDJ handheld has three main menu areas:

1. My Games – Launch a cartridge or download games by selecting a game icon on the menu wheel.

2. My Didjis – Download and display up to 10 customized Didji characters.

3. My DIDJ – Track and change the DIDJ handheld preferences.
### Under My DIDJ, you can:

- Customize the colors/colours of the DIDJ menu screens and change the screen contrast level in My Screens.
- View the Micromods earned to customize the games in My Stuff.
- Change the name and grade or delete a profile in About Me.

### DIDJ. You choose. You play. You rule.
Play and learn your way with the DIDJ™ custom gaming system, combining video game fun with core school skills for 1st to 4th grade players (6-10 years). Customize the gameplay by creating your own DIDJ avatars (or Didjis) and downloading new features (or Micromods) to make it your game. Customize the learning included in each game by downloading your own spelling list or choosing the skills that you are studying in school. **leapfrog.com**

## Getting Started

Read all Cautions and Warnings before using. Complete three easy steps to start gaming and learning with the DIDJ™ custom gaming system.

### Set up the DIDJ Handheld
Start the DIDJ handheld by sliding the On/Off button.

1. Select a country (required the fi rst time only).
2. Create a profi le by entering a nickname and grade or year in school. This information can be changed at any time from the About Me menu screen.
3. The DIDJ handheld will store profi les of up to three players and a guest. To delete a player profi le, go to the About Me menu screen on the handheld.
4. Select a profi le on the Player Select screen to begin.

### Install the LEAPFROG® Connect Application on the Computer
Once the DIDJ handheld has been set up, install the LEAPFROG Connect Application. Installing the application and registering the DIDJ handheld gives parents access to the LEAPFROG® Learning Path, a powerful tool that lets them see their kid's learning progress and customize the learning.

### How to install:

1. Insert the included CD-ROM into your computer's disk drive to install the application.*
2. Follow the instructions on the computer screen to complete the installation process and to register.

* If you already have the LEAPFROG Connect Application installed for another device, you will still need to insert the included CD into your computer's disk drive to install your DIDJ software.

### Product Information

### Connect the DIDJ™ Handheld to the Computer

1. Turn on the DIDJ handheld and connect it to the computer using the included USB cable.

2. Navigate to the DIDJ view of the LEAPFROG® Connect Application.

3. Choose a profi le and select the On My DIDJ button from the left navigation bar.

4. Transfer the game JetPack Heroes onto the DIDJ handheld.

5. Disconnect the DIDJ handheld from the computer and you are ready to play!

**Note**: During normal play, the DIDJ handheld will automatically turn off after 5 minutes of inactivity. Turn on the handheld by pressing the On/Off button. While the DIDJ handheld is connected to the computer, it will not shut down automatically. Wait until the device has finished downloading and can be disconnected before turning off the handheld.

**Navigating the DIDJ Handheld**
The DIDJ handheld has three main menu areas. Use the D-pad to scroll through the menu icons. Then press the A button to select.

1. My Games—Launch a cartridge or download games by selecting a game icon on the menu wheel.

2. My Didjis—Download and display up to 10 customized Didji characters.

3. My DIDJ—Track and change the DIDJ handheld preferences.

4. My Screens—Customize the colors/colours of the DIDJ menu screens and change the screen contrast level.

5. My Stuff—View the Micromods earned to customize the games.

6. About Me—Change the name and grade or delete a profi le.

**Warning**: Deleting a profi le on the handheld will delete all game and curriculum tracking, as well as any achievements earned for that profi le, since the last time the handheld was connected to the computer.

## Instructions For Play

**DIDJ. Make It Your Game!**
The DIDJ handheld offers a universe of options for gaming and learning. Connect the handheld to the computer to customize the game.

**Create an Avatar**
Connect the DIDJ handheld to the computer. Through the LEAPFROG® Connect Application profi le, use the Didjerator to create a custom Didji character. Then download the character to the handheld to make it available to play in any game that uses Didji characters.

**Earn Cool Rewards**
Earn Badges for in-game achievements, such as fi finishing a level or answering 10 correct questions in a row. See the Badges that can be earned by going to the Badges screen in each game.

Each Badge is worth a particular number of Bitz, or points, that can be traded to customize any DIDJ™ game. Just connect the handheld to the computer to update the number of Bitz each player has earned. Use the LEAPFROG® Connect Application to trade your Bitz for Micromods such as new spaceships, in-game backgrounds, or music that will change each game, and then download them to your handheld.

Because data storage space is limited, it is important to connect the DIDJ handheld to the computer periodically to upload game progress and new Bitz earned.

**DIDJ Learning Edge**
The DIDJ handheld teaches important school skills such as mathematics, spelling, and language arts. Each game has multiple learning levels that progress in difficulty, challenging players to learn more advanced concepts as they play. The DIDJ handheld dynamically advances the learning level, adjusting the curriculum to each player's skill level so that the learning is neither too easy nor too hard.

Use the Hint button to access tailored tutorials that will explain new learning concepts and how to apply a new skill.

**Customize the Learning**
The learning included in each DIDJ game can be customized by connecting the DIDJ handheld to the computer. Use the LEAPFROG® Connect Application to create a spelling list from over 10,000 words, for example, or to focus on a particular skill or concept like learning to multiply by 7s and 8s. Then, download the customized learning skills and use the DIDJ handheld to get ready for a test or to get practice in key school skills.

**See and Share Learning Success**

Every time the handheld is connected to the computer, the system will update each player's learning and gaming progress. Parents can see and celebrate the learning by going online at **leapfrog.com/learningpath** or going to the LEAPFROG® Learning Path page of the LEAPFROG® Connect Application.

**JetPack Heroes**

The DIDJ™ handheld includes a game that can be downloaded at no cost from the LEAPFROG® Connect Application. Once the game has been downloaded to the handheld, select the JetPack Heroes game icon and strap on your jetpack—it's time to save the world!

**Game Background**

Deep beneath the surface of the happy planet, Energy Buddies        create a network of energy that provides light and life for the planet. But an evil villain, Gooracha, and his henchman from a distant galaxy have kidnapped the Energy Buddies. Your mission is to use your mathematics skills to save the captured Energy Buddies from their prisons and defeat Gooracha and his goons. Along the way, rack up your score, prove your prowess, and earn Badges to customize your game.

**Make It Your Game!**
Play Jet Pack Heroes with your customized Didji character or buy Micromods such as game backgrounds, secret keys, and new spaceships to change your game. JetPack Heroes teaches and reinforces mathematics skills for 1st through 4th-grade players (ages 6-10), including addition, subtraction, multiplication and division. Play at your grade level or use the LEAPFROG® Connect Application to customize the mathematics skills you want to learn. Access a full JetPack Heroes Game Guide by going to **leapfrog.com/didj**.

**Country Selection**
Selecting your country of residence adjusts the phonetic pronunciation and spelling of some letters and words. If you need to change your country selection, follow these steps:

1. Hold down the Left Shoulder button and B button at the same time.
2. Turn on the handheld while holding both buttons until the Country Select screen appears.
3. Wait for the Health & Safety screen to fi nish.
4. When the LEAPFROG® Legal screen comes on after the Health & Safety screen, follow these steps:
    - Hold down the Left Shoulder button and B button at the same time.
    - Wait for the Country Code screen to appear.
    - Release the buttons.
    - Choose the Country Code you prefer.

**See the Learning**

**Learning experiences are never**
one-size-fi ts-all. That's why we created an online LeapFrog Learning Path that can be custom-tailored to shape and inspire each child's unique learning journey. Connect and see what they're learning, how they're growing and, most importantly, who they're becoming. **leapfrog.com/learningpath**

**Instructions for Care**

For Indoor, Dry-location use only.

- Keep food and beverages away from this product.

- Do not spill liquid of any kind on this product as it may render it inoperative.

- Clean with a slightly damp cloth in cold water.

- Do not use soap, detergent or other chemicals. never submerge the unit in water.

- Allow to dry before re-use.

- Avoid prolonged exposure to extreme temperatures and direct sunlight.

- Avoid dropping the unit. never try to dismantle the unit.

**CAUTION**: Routinely check this toy for proper and safe condition. If there is damage or broken parts, remove toy from use.

**CAUTION**: If for any reason the screen (display) is fractured or cracked, immediately remove this product from use and contact leapFrog Consumer Services for replacement if under warranty.

**Battery Information**
Requires 4 AA (called L R6 in some countries) alkaline batteries, not included.

**Battery Installation and Removal Instructions**

1. Locate the two battery compartments on the back of the handheld. Each compartment holds 2 AA (called L R6 in some countries) alkaline batteries.
2. Open each battery door with a screwdriver, coin, or other household tool by pressing straight down in the open slot and sliding the battery compartment out.
3. If used or spent batteries are present, remove these batteries from the unit by pulling up on one end of each battery.
4. Install new batteries as shown in the polarity (+/-) diagram inside the battery compartment.
5. Replace the battery door securely.

**Battery Safety**

Batteries are small objects and may pose a choking hazard for small children. Batteries must be replaced by an adult. Follow the polarity (+/-) diagram in the battery compartment. Promptly remove spent batteries from the toy to avoid leaking. Dispose of used batteries properly. Remove batteries for prolonged storage. O nly batteries of the same or equivalent type as recommended are to be used.

- DO NOT incinerate used batteries.
- DO NOT dispose of batteries in fire, as batteries may explode or leak.
- DO NOT mix old and new batteries or types of batteries (i.e., alkaline/standard).
- DO NOT recharge non-rechargeable batteries. Rechargeable batteries are only to be charged under adult supervision.

  **(For Europe only)**

  Rechargeable batteries are to be removed from the toy before being charged.
- DO NOT short-circuit the supply terminals.

**WARNING**: Cords could be a strangulation hazard. Keep out of reach of children under 3 years of age. Children pulling on the cord could cause the computer monitor, TV or other equipment to which the device is connected to fall with the possibility of property damage, serious personal injury, or death. Adult supervision is required during play.

**Protect Your Hearing**
long-term exposure to loud sounds, at high volume, may result in permanent hearing loss. When using headphones or earbuds, it is recommended that the product is listened to at lower volumes for shorter periods of time. Set the volume while in a quiet environment; turn the volume down if you cannot hear people speaking near you. limit the listening time to 90 minutes, followed by a quiet period. The louder the volume, the less time required before your hearing may be affected. If you experience ringing in your ears or hear muffled speech, stop listening and have your hearing checked.

**WARNING**:
It is rare but possible for seizures to be triggered by light flashes or patterns such as those on computers or TV screens. To reduce exposure to this potential hazard, play/watch TV in a well-lit room, sit an appropriate distance from the screen and take 10- to 15-minute breaks every hour.

**Parent Note:**
The Photosensitive Seizure notice on the screen will last up to 8 seconds to allow for reading. After first use, you may press the A, B or D-pad buttons and the notice will disappear within 3 seconds.

**Power Adapter Safety**
(Adapter sold separately; available from LeapFrog Enterprises, Inc.)

**WARNING**: The adapter cord could be a strangulation hazard.

**CAUTION**

**ELECTRIC TOY**
Not recommended for children under 3 years of age. As with all electrical products, precautions should be observed during the handling and use to prevent electrical shock. For Indoor, Dry-location use only. The transformer is not a toy and should be connected to the wall outlet by an adult. It should be periodically examined for conditions that may result in the risk of fire, electrical shock or injury to persons, such as damage to the cord, plug, blades, housing or other parts, and in the event of such conditions, the transformer must not be used until the damage is repaired.

- The toy must be used only with the recommended transformer.

- The toy is not to be connected to more than the recommended number of power supplies.
- Toys to be cleaned with a liquid are to be disconnected from the transformer before cleaning.
- To clean the transformer, disconnect it from the wall and clean with a cloth dampened with water. Do not immerse in water or use soap or other chemicals. Allow to dry before reusing. Do not connect to the AC outlet if wet or damaged.

**AC Adapter Electrical Ratings:**

- US, CAN Input: ~ 120VAC, 60Hz
- UK Input: ~ 230V, 50Hz
- Australia and New Zealand Input: ~ 240V, 50Hz
- Output: DC9V, 700mA, 6.3mA

**USB Cable**
Use only the USB cable provided by Leapfrog Enterprises Inc. Using any other cable may exceed FCC and other regulatory emissions limits. The USB cable is not a toy. Disconnect the toy from the U SB connection before cleaning.

**FCC NOTICE:**
This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

## Troubleshooting

| Symptom | Try This |
|---|---|
| Handheld does not turn on or does not respond | Make sure the handheld is on<br><br>Make sure batteries are correctly installed<br><br>Make sure the battery covers are securely attached<br><br>Remove batteries and put them back in<br><br>Clean battery contacts by rubbing lightly with a soft eraser and then wiping with a clean and dry cloth<br><br>Install new batteries |
| Display stops working | Adjust contrast controls on the My Didj screen and brightness controls on the side of the handheld<br><br>Install new batteries |
| System screen shows: Please Restore System | Press the On/Off button to turn the device off and then on again<br><br>Connect the handheld to an Internet-connected computer and open the LEAPFROG® Connect Application to restore the system |
| Handheld screen shows: Download in Progress | Do not disconnect the USB cable from the device or computer while a download is in progress<br><br>If the cable is disconnected, please reconnect the device to the computer to complete the download |
| LEAPFROG® Connect CD does not install correctly | Go to leapfrog.com/didj to download the LEAPFROG® Connect Application |
| Product freezes or locks up | PARENT: Insert the end of a paper clip into the RESET ↻ pinhole on the bottom of the product. |

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference to radio communications. Because this toy generates, uses and can radiate radio frequency energy, there can be no guarantee that interference will not occur. If this toy does cause interference to radio or television reception (you can check this by turning the toy off and on while listening for the interference), one or more of the following measures may be useful:

- Reorient or relocate the receiving antenna
- Increase the separation between the toy and the radio or the TV
- Consult the dealer or an experienced TV radio technician for help

**NOTE:** Changes or modifications to this unit not expressly approved by leapfrog Enterprises, Inc., could void the user's authority to operate the equipment. This Class B digital apparatus complies with Canadian ICES-003.

**Environmental Phenomena**
The unit may malfunction if subjected to radio-frequency interference. It should revert to normal operation when the interference stops. If not, it may become necessary to turn the power off and back on, reset the unit or remove and reinstall the batteries. In the unlikely event of an electrostatic discharge, the unit may malfunction and lose memory, requiring the user to reset the device by removing and reinstalling the batteries.
