Instructions

Accessories

Bamboo Tray x1 pc

Center-Post x1 pc

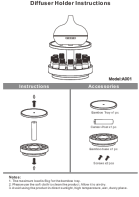

Bamboo base x1 pc

Screws x2 pcs

Notes:

1. The maximum load is 5kg for the bamboo tray.
2. Please use a soft cloth to clean the product. Allow it to air dry.
3. Avoid using the product in direct sunlight, high temperature, wet, dusty place.

 The diagram illustrates the assembly of the Diffuser Holder. It shows a top-down view of the holder with a diffuser being inserted. Below this, a side view shows the holder being placed on a base. A list of parts is provided: 1. Diffuser Holder, 2. Diffuser, 3. Base, 4. Cap. A note at the bottom states: 'Note: The diffuser holder is designed to hold the diffuser in place. It is not intended to be used as a container for liquids or other materials. Please use the diffuser holder as intended.' The model number 'Model A001' is also indicated.
