DIGITAL WATCHDOG DWC-V1HMW Vandal Dome Camera Hanging Mount

Product Information

Hanging Mount for Vandal Dome Cameras (DWC-V1HMW)

The Hanging Mount for Vandal Dome Cameras is a sturdy and durable mounting solution for Digital Watchdog's DWC-V1 vandal dome cameras. It is designed to securely hang the camera from a ceiling or other overhead structure, providing a clear view of the surveillance area.

The mount comes with camera mounting screws and a quick setup guide for easy installation. It is compatible with NTP 3/4 TAP pipe mount caps and can be easily adjusted to position the camera lens modules for optimal viewing angles.

Features

- Sturdy and durable design
- Compatible with DWC-V1 vandal dome cameras
- Easy to install
- Adjustable camera lens modules
- Comes with camera mounting screws and quick setup guide

Usage Instructions

1. Before attaching the camera to the hanging mount, remove the dome from the camera base.
2. Pass wires through and make all necessary connections.
3. Use the camera mounting screws (included with bracket) to secure the camera to the mounting cap.
4. Adjust the camera lens modules' position and complete the installation by placing the dome cover on the camera. See the camera's Quick Start Guide (QSG) for camera setup information.

NOTE: Do not touch the lenses when handling the camera modules.

WHAT'S IN THE BOX

Camera Mounting Screws		4	Quick Setup Guide		1
------------------------	---	---	-------------------	---	---

NOTE: Download all your support materials and tools in one place.

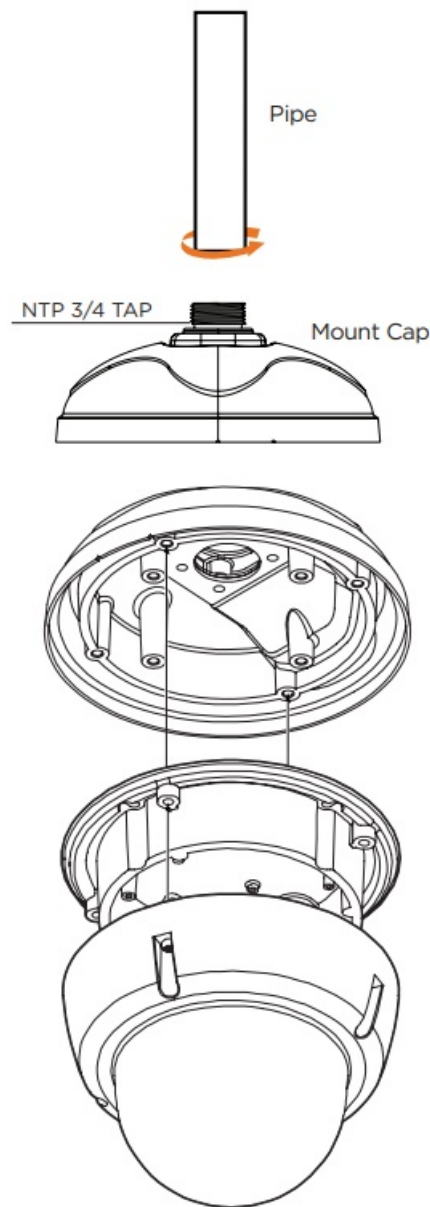

1. Go to: <http://www.digital-watchdog.com/resources>
2. Search your product by entering the part number in the 'Search by Product' search bar. Results for applicable part numbers will populate automatically based on the part number you enter.
3. Click 'Search'. All supported materials, including manuals and quick start guide (QSGs) will appear in the results.

INSTALLATION

1. Secure the hanging mount to the pole (NTP 3/4 thread).
2. Before attaching the camera to the hanging mount, remove the dome from the camera base.
3. Pass wires through and make all necessary connections.
4. Use the camera mounting screws (included with bracket) to secure the camera to the mount cap.
5. Adjust the camera lens modules' position and complete the installation by placing the dome cover on the camera. See the camera's QSG for camera setup information.

NOTE: Do not touch the lenses when handling the camera modules.
