Features

- Small form factor occupies minimal pedal board space
- Long-throw treadle for full range of control
- High-quality, high-cycle SOOKO potentiometer for smooth volume adjustments
- Built-in treble bleed circuit prevents loss of treble at lower volume settings
- Removable rubber feet for pedalboard mounting
- 1 /4" TS input and output jacks

- Skid-free treadle pad
- Rugged construction

Setup

1. Turn your amp off, then connect your cables (see connection diagram below).
2. Turn your amp volume down, push the DOD Mini Volume Pedal's treadle toe down, then turn your amp on.
3. Slowly raise your amp volume until the desired level is reached.

Use only unbalanced TS cables.

******IMPORTANT USAGE NOTE******

The two hex screws on the bottom of the pedal are part of a spring-loaded adjustment mechanism. If over time you experience slop, loosen these screws slightly and then re-tighten. This will cause the main engagement gear to re-tighten against the treadle gear.

DO NOT remove these screws or operate the treadle while the screws are loosened. This can cause the gears to become misaligned and cause the pedal to malfunction. **There are no useradjustable components inside the pedal. Under no circumstances should the pedal be opened up.**

DECLARATION OF CONFORMITY

Manufacturer's Name: 000

Manufacturer's Address : 59 Hwogok-ro 61 gil, Gongseo-gu Seoul 07590, Republic of Korea

Declares that the product:

Product name: 000 Mini-Volume

Product option: None

Conforms to the following Product Specifications:

Safety: N/A – no power
EMC: Analog Products

The 000 Mini-Volume and Mini-Expression pedals by design provide an adequate level of intrinsic immunity as called out in EN55024. By following good engineering practices and engineering rationale Harmon declares that by design these pedals will provide an adequate level of intrinsic immunity and will operate as intended in their environment.

Supplementary Information:

The product herewith complies with the requirements of the:

Low Voltage Directive 2006/95/EC

EMC Directive 2004/108/EC

RoHS Directive 2011/65/EC

WEEE Directive 2002/96/EC

EC Regulation 27B/2009

European: Your local OgiTech Sales and Service Office or CORTEK Corp.
