- High-quality aluminum housing
- Cable adapter length: 15 cm
- Dimensions: 60x39x12 mm
- Weight: 33 g
- Color: Space gray

Product Usage Instructions

1. Connect the USB-C Card Reader to your PC or Mac using the included Power supply cable USB-C – USB A, 1.0 m.

2. Insert an SD memory card into one of the two card slots.
3. The SD card should be automatically detected by your computer and you can start transferring files at speeds of up to 300 MB/s.
4. If you want to use a different type of memory card, make sure it is compatible with the USB-C Card Reader. The Card Reader supports SDXC, SDHC, SD, MMC, RS-MMC, Micro SDXC, Micro SD, Micro SDHC, UHS-II and UHS-I cards.
5. You can use the USB-C Card Reader to transfer photo albums and files to and from your memory cards.
6. The USB-C Card Reader supports media copy and hot swap, which means you can copy files between memory cards without having to unplug the Card Reader from your computer.
7. The USB-C Card Reader supports hot plugging and is Plug & Play capable, which means you can connect it to your computer without having to install any drivers or software.
8. The USB-C Card Reader is powered via USB, so you don't need to use an external power source.
9. The USB-C Card Reader is compatible with Windows 11, 10, 8.1, 8, 7, Vista, XP and Mac OS 10.x.
10. The USB-C Card Reader has a high-quality aluminum housing, which provides excellent durability and protection for your memory cards.
