SAFETY PRECAUTIONS

1. **WARNING**-When using this product, basic precautions should always be followed:
2. Read all the instructions before use.
3. Never store or use this product in temperatures below 32°F(0°C) or above 115°F(45°C).
4. Do not overcharge your Phone. The unit may get hot with excessive use. Remove Phone when it is fully charged. Never charge for more than 7 hours at a time.
5. To reduce the risk of injury, close supervision is necessary when the product is used near children.
6. Do not expose the device to moisture.
7. Do not use the device in excess of its output rating. Overload outputs above rating may result in a risk of fire or injury.
8. Do not use the device if damaged or modified.
9. Do not disassemble the device. For repairs, seek a qualified service professional. Incorrect reassembly may result in a risk of fire or injury.
10. Do not expose the device to fire or excessive temperature. Exposure to fire or temperatures above 104 °F may cause an explosion.
11. Ensure that qualified service professionals use only identical replacement parts to ensure product safety

FCC STATEMENT

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to your radio or television reception, you can try to correct the interference by one of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and the receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.
5. To eliminate or reduce interference, the device should be used in accordance with the following instructions:
