## Safety and disposal instructions

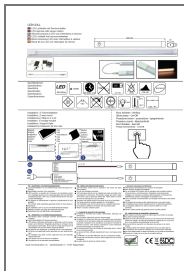

- LED-luminaires should only be replaced if the power has been disconnected.
- Do not use damaged luminaires.
- LED-luminaires should only be installed and used according to the manufacturer's instructions. Permissible voltage and power rating of the lamp must be observed without fail. Values below or above the limit can damage the LED-luminaires.

- Operation with starter lamps in the same circuit is not permitted.
- The lamp should be cleaned regularly for a long lifetime.
- The installation may only be carried out by a qualified electrician.
- No disposal of defective luminaires with household waste.
- Return via public collection points.
