**Display Pros MODify 4-Sided Kit**

## Product Information

The MODify 4-Sided Kit 01 is a freestanding, four-sided illuminated tower that is part of the MODifyTM Modular Merchandising System. This system is designed with interchangeable  fixtures and accessories that can be easily assembled, disassembled, and rearranged to create various display configurations. The tower incorporates SEG push-fit fabric graphics, allowing for effortless branding, promotion, and merchandising.

**Features and Benefits:**

- Heavy-duty aluminum frame and steel base
- Steel slotted uprights
- Four frames and LED lights inside the tower for an illuminated effect
- Two full-height custom printed graphic panels on two sides
- Two slatwall panels with graphics on top on the other twosides
- Easy assembly and installation
- Lifetime hardware warranty against manufacturer defects

**Optional Accessories:**

- Towel bars
- Faceout bars
- Waterfalls
- U bars

- Slatwall hooks
- Shelves

**Dimensions:**

- **Assembled unit:** 39W x 144H x 39D (990.6mm(w) x 3657.6mm(h) x 990.6mm(d))
- **Approximate Weight:** 226 lbs / 102.512 kg

**Shipping:**

- **Packing case(s):** 1 Box
- **Shipping dimensions:** (96L x 14H x 24D) (2438.4mm(l) x 355.6mm(h) x 609.6mm(d))
- **Approximate shipping weight:** 302 lbs / 136.985 kg

**Additional Information**

- **Powder coat color options:** All white, black, or silver
- **Wood laminate color options:** Not specified
- **Tools Required:** MULTI HEX KEY (INCLUDED), PHILLIPS SCREW DRIVER (NOT INCLUDED), 9/16 SOCKET WRENCH (NOT INCLUDED)

## Product Usage Instructions

### How to Apply & Remove Graphics:Installation:

1. Push the SEG bead into each corner of the frame (1-4) with your thumb.
2. Push the SEG bead into the middle of the run (5-8).
3. Work your way around the perimeter of the frame, pushing in the beading properly.
4. If necessary, go around the perimeter again to ensure the beading is secure in the extrusion profile.

**Note:** Keep the setup area clean by using a drop cloth, washing hands before setup, or wearing gloves.

**Removal:**

1. Use the pull tab located on the graphic.
2. Gently pull the graphic from the frame, going around the perimeter.

MODify™ is a one-of-a-kind Modular Merchandising System that is made up of inter changeable fixtures and accessories that can be easily assembled, disassembled, and rearranged to create a variety of different display configurations. The MODify system incorporates SEG push-fit fabric graphics that enable you to brand, promote andmerchandise with ease. MODify 4-Sided Kit 01 is a freestanding, four-sided illuminated tower. The tower features two full-height custom printed graphic panels ontwo sides, while the other two sides are equipped with slatwall panels with graphics on top. LED lights inside the tower make it glow.

We are continually improving and modifying our product range and reserve the right to vary the specifi cations without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility forvariance. E&OE. See Graphic Templates for graphic bleed specifications

(NOT INCLUDED)

**How to Apply & Remove Graphics**

Installation and removal of SEG graphics is easy! Installation: Push the SEG bead into each corner of the frame (1-4) with your thumb, then push the SEG bead into the middle of the run (5-8) and work your way around the perimeter of the frame until all beading is pushed in properly; if necessary, go around the perimeter again to ensure beading is secure in the extrusion profile.

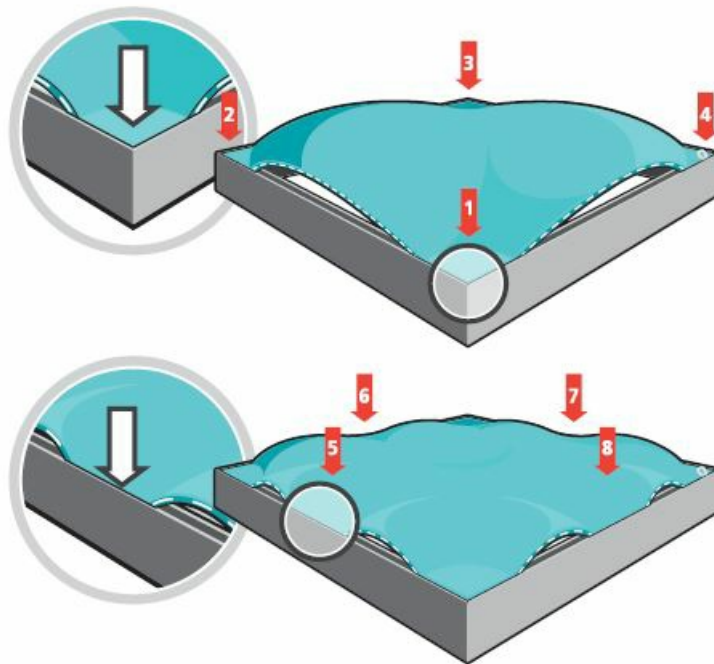

**Note:** Keep the set up area clean by using a drop cloth, washing hands before set-up or by wearing gloves.
**Removal:** Use the pull tab located on the graphic and gently pull the graphic from the frame, going around the perimeter.
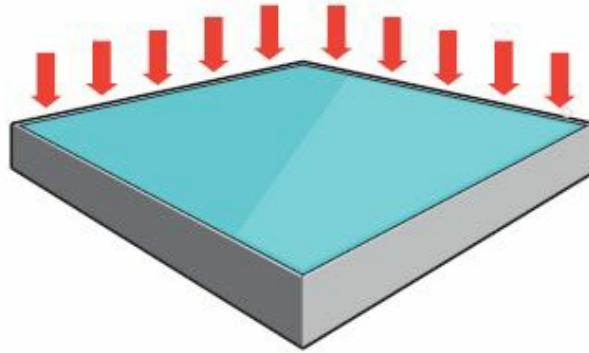

**Graphics Storage & Care**

Graphics should be folded with the graphic facing inward and stored in a zip lock /sealable plastic bag. Spot clean by wiping with a damp white cloth. If washing is necessary, use a commercial size front-loading washing machine, gentle cycle with cool water. Line dry flat. Dry cleaning is NOT recommended to prevent shrinkage.
