FAQ

Q: How do I know if the driver installation was successful?

A: After installing the driver, you should see the additional display options in your system settings. You can also verify the driver installation by checking the Device Manager on Windows or System Information on macOS.

Q: Can I connect multiple LMP USB-C Triple-DisplayDock 4K devices to one computer?

A: Yes, you can connect multiple devices, but please ensure that your computer can support the simultaneous

display output.
