Disclaimer

Carefully read this entire document and all safe and lawful practices provided before use.

Warnings

1. DO NOT attempt to touch the metal terminals on the power adapter.
2. Clean the metal terminals with a clean, dry cloth if there is any noticeable buildup.
3. The plug varies in different regions. Plugs for different regions are available for purchase on the DJI online store.

Introduction

With two USB-C output ports, the DJI USB-C Power Adapter (100W) can be used to charge compatible DJI aircrafts, remote controllers, Intelligent Flight Batteries,* and other mobile devices with a USB-C port.

* Support for DJI devices will be updated continuously. Visit the official DJI online store for more information.

Specifications

Dimensions	73.5×70×32 mm
Weight	268±5 g
Input Voltage	100-240 V AC, 50-60 Hz, 2.5 A
Output	Max. 100 W (Total) When both ports are in use, the maximum output of one of the ports is 82 W. The power adapter will dynamically allocate the output of the two ports accordingly to the power load.*
Output Power	100 W
Operating Temperature	5° to 40° C (41° to 104° F)

* Devices will take longer to charge if both the Intelligent Flight Battery and remote controller or other devices are being charged simultaneously.

Compliance Information

FCC Compliance Statement

Supplier's Declaration of Conformity

Product name: POWER ADAPTER

Model Number: CDX265-100

Responsible Party: DJI Research LLC

Responsible Party Address: 17301 Edwards Road, Cerritos, CA 90703

Website: www.dji.com

We, DJI Technology, Inc., being the responsible party, declares that the above mentioned model was tested to demonstrate complying with all applicable FCC rules and regulations.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
