DJI TKPL2 RC Plus 2 Enterprise

USER GUIDE

The XYZ Smart Speaker is a versatile device that combines a high-quality speaker with smart assistant capabilities. It allows you to play music, control smart home devices, set reminders, check the weather, and much more, all through simple voice commands.

Product Usage Instructions:

1. Setup:

1. Plug in the XYZ Smart Speaker using the provided AC adapter.
2. Download the XYZ app on your iOS or Android device.
3. Follow the on-screen instructions to connect the speaker to your Wi-Fi network.

2. Playing Music:

To play music, simply say “Hey XYZ, play [song/artist/genre].”
The speaker will then stream the music from your preferred music service.

3. Smart Home Control:

You can control compatible smart home devices by saying commands like “Hey XYZ, turn off the lights” or “Hey XYZ, set the thermostat to 72 degrees.”

4. Setting Reminders:

To set a reminder, say “Hey XYZ, remind me to [task] at [time].”
The speaker will then remind you at the specified time.

5. Weather Updates:

Get weather updates by asking “Hey XYZ, what’s the weather today?” The speaker will provide you with the current weather conditions.

FCC Compliance Notice

Supplier’s Declaration of Conformity

Product name: DJI RC Plus 2

Model Number: TKPL2

Responsible Party: DJI Research LLC

Responsible Party Address: 17301 Edwards Road, Cerritos, CA 90703

Website: www.dji.com

We, DJI Research LLC, being the responsible party, declares that the above mentioned model was tested to demonstrate complying with all applicable FCC rules and regulations.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

ISED Compliance Notice

CAN ICES-003 (B) / NMB-003(B)

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada’s licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device.
