DMP X1 Series Single Door Access Controller

Product Usage Instructions

Cloud-Based Access:
The X1 Series offers cloud-based access only for a simplified user experience. To order controllers, use the following codes:

- Single Door Controller: X1
- Multi-Door Controller: X1-8
- Elevator Controller: X1-ELEV

Fire Monitoring:
For reliable fire monitoring in single-site applications, order the following addressable fire alarm control panels:

- **XF6 Series:** XF6-100, XF6-500
- **XR Series:** XR150DNFC-R, XR550DNFC-R

Teller Machines Protection:
To provide high-level protection for teller machines, order the TMSentry products:

- TMSentry-A, TMSentry-KIT-A, TMSentry-KIT-V, TMSentry-V

FAQ:

- **Q: What is the recommended application for the XR Series?**
  A: The XR Series is designed for system design in monitoring centers with network/internet connectivity and virtual keypad support.
- **Q: How many zones can the Expansion Modules support?**
  A: The Expansion Modules offer support for various zone expansions, including single-zone, 8-zone, and 16-zone options depending on the model.

Specialty Applications

Cloud-Based Access Only
The X1 Series eliminates complexities while providing an unparalleled cloud-based user experience. Options include a single-door and multi-door controller, elevator controller, and more.

Order

- **Single Door Controller:** X1
- **Multi-Door Controller:** X1-8
- **Elevator Controller:** X1-ELEV

Fire
Reliable fire monitoring for single-site applications is available with this powerful line of addressable fire alarm control panels.

Target Audience:

- Commercial/Industrial

Order

- **XF6:** XF6-100 | XF6-500
- **XR150FC:** XR150DNFC-R
- **XR550FC:** XR550DNFC-R

Teller Machines
Provide your financial customers with the highest level of protection in the most compact size available on the market.

Target Audience:

- Independent ATM Providers
- Financial Institutions
- Teller Machine Manufacturers

Order

TMSentry:

- TMSENTRY-A
- TMSENTRY-KIT-A
- TMSENTRY-KIT-V
- TMSENTRY-V
