XT SERIES COURSE OUTLINE

Instructor-Led Training

COURSE: XT30/50 – Basic

INTENDED AUDIENCE: Installation Technicians, Service Technicians, and Programmers

PURPOSE: Provide attendees with an overview and introduction to DMP's panel; introduce the equipment, demonstrate the proper installation, and programming methods.

COURSE HOURS: This course consists of a total of EIGHT (8) hours of interactive classroom training, combining traditional classroom style teaching with hands-training.

CUSTOMER PROVIDED EQUIPMENT:

- XT50 control panel
- 7872/7063 keypad
- 1100D receiver
- 1106 wireless universal transmitter
- Access to DMP's Dealer Admin™/ Tech APP

- Any additional peripherals deemed appropriate
- Accessory pack

COURSE OBJECTIVES: After completing this course, attendees will be able to:

- Understand the basic features of the panel
- Understand the proper way to install a DMP panel
- Understand the correct way to program a DMP panel to fit the job requirements

Training times are estimated. Actual presentation and hands-on training times depends on needs of technicians attending classes.
