- **IMPORTANT:** CMP Group Ltd. assumes no responsibility or liability for the accuracy or representation of the graphic illustrations shown in this hardware guide.
- These graphic illustrations are not intended to be architectural drawings and are not to be substituted for engineered drawings. Each is intended as a guideline ONLY.
- CMP Group Ltd. does not warrant the quantities and/ or bill of materials to be accurate in all uses and

applications. Individual dock structures may vary by necessity, preference, or design.

- It may be necessary to vary the amount of materials listed in this guide depending on dock size, material usage, necessity, and/ or the severity of the conditions to which the dock structure is subjected.
- All graphic illustrations are based on the use of a conventional framework of 2" x 6" lumber and decking lumber. The freeboard may be adjusted by using 2" x 8" or 2" x 10" lumber.
- Substitutions in lumber and hardware placement may affect floatation.
