Smart Phone Control Kit and App

DOMINATOR SMART GARAGE ACCESS

The Smart Phone Control Kit works via your home's WiFi network. Initial set up involves linking your phone app, smart hub and device (e.g. garage door opener) to your home network so that you can reliably operate your door from the app. This user guide will show you the steps required to get you started.

BEFORE YOU START:

1. Have your garage door opener or device operational & know your WiFi password.
2. Place Smart Hub within range of your home WiFi router.
3. Connect Smart Hub to power.
4. Download the Dominator App. (Scan one of the QR codes below.)
5. Click on "Get Started" & follow the steps.

DOWNLOAD THE APP: Scan QR code to download the Dominator App for iOS devices. dominator.co.nz/ios/

SMART HUB SETUP GUIDE SMART PHONE APP

Click on "Get Started"

Click on "Setup a new Smart Hub/Opener"

Click on "Smart Hub"

Enable Hotspot – hold down the Hub button for 5 seconds, release when the LEDs flash, wait for the button to have a solid purple light. Click on "Next"

Click on "Allow Access to Location"

Click on "Next"

The hub will now connect to your phone app – press join

The button on the hub will now flash – press it to continue

You are now connected

Now you will need to link your opener or other device to the hub, click "+ Setup a new device"

Setup the details on your device
Click on "Next"

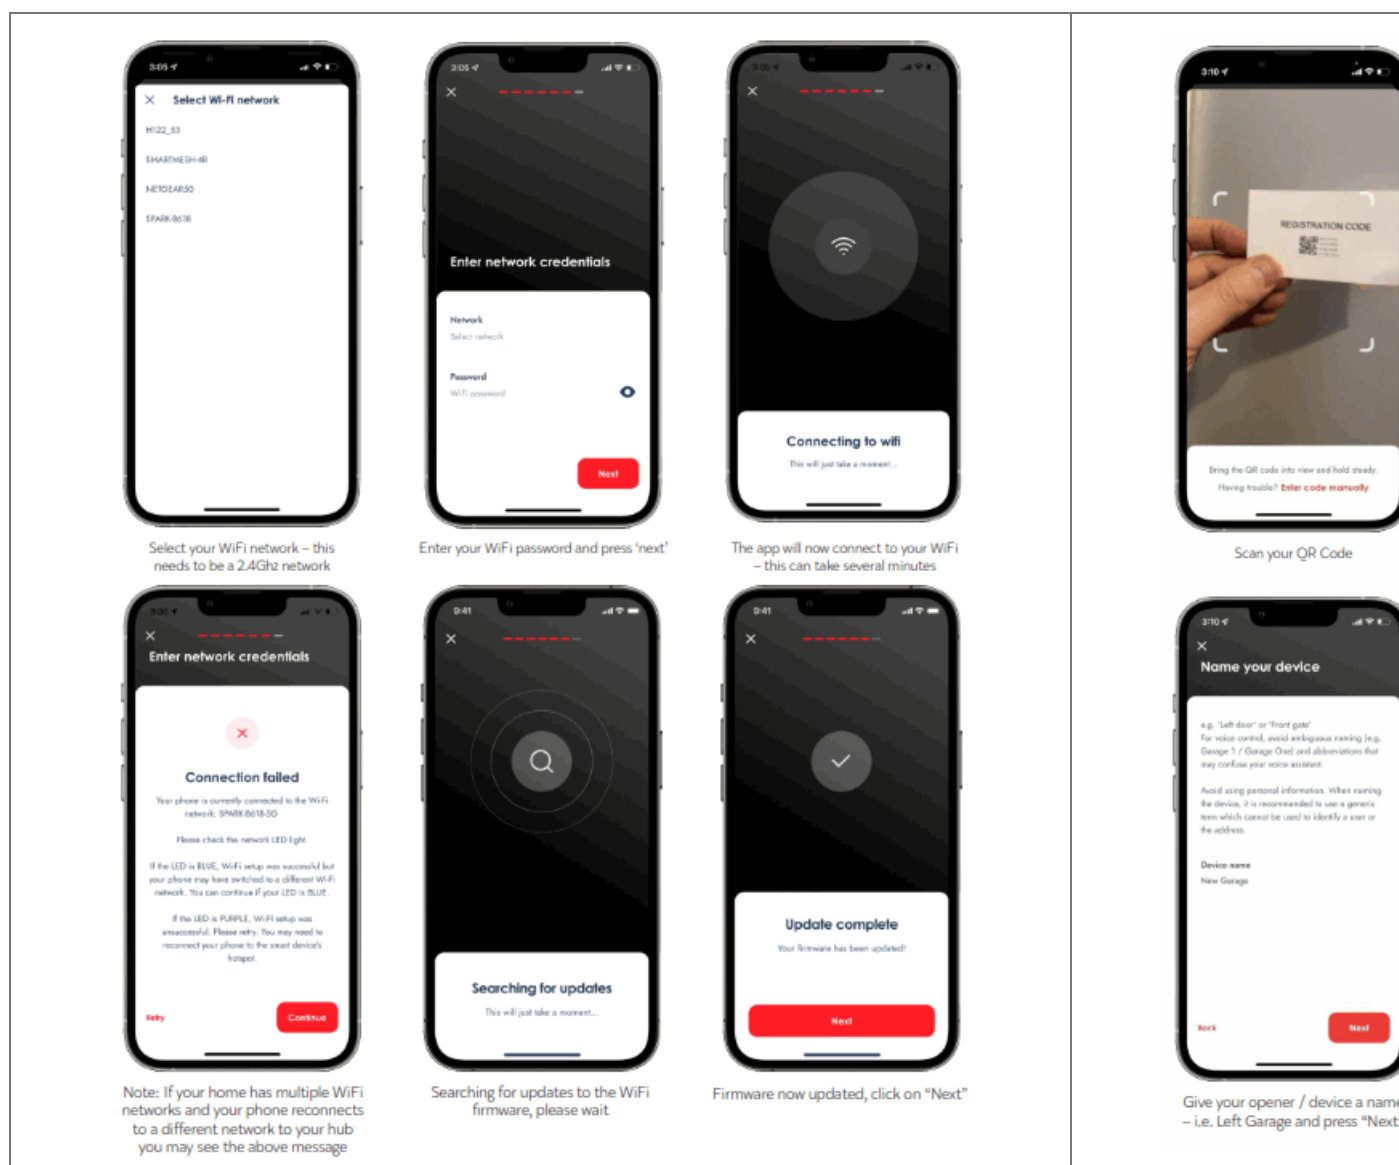

Complete your details

Enter your WiFi network details

Select the hub that you wish to connect your opener to (if you have multiple hubs)
