DONGGUAN

DONGGUAN MOS-2058 Multiple Function RGB Light Wireless Speaker

Product Information

Specifications:

- **FCC Compliance:** Part 15 of FCC Rules
- **Operation Conditions:**
 1. This device may not cause harmful interference.
 2. This device must accept any interference received, including that which may cause undesired operation.
- **RF Exposure:** Evaluated to meet general RF exposure requirements
- **Portable Use:** Can be used in portable exposure conditions without restriction
- **FCC ID:** 2BM4U-MOS-2058

Product Usage Instructions

FCC Compliance:

Ensure the device is operated in compliance with Part 15 of FCC Rules to avoid harmful interference.

Operation Conditions:

Operate the device in conditions where it does not cause harmful interference and can accept received interference.

RF Exposure:

The device has been evaluated to meet general RF exposure requirements, making it safe for use in portable exposure conditions.

Portable Use:

You can use the device in portable exposure conditions without any restrictions.

FCC ID:

Make a note of the FCC ID 2BM4U-MOS-2058 for reference purposes.

Frequently Asked Questions

- **Q: Is the device safe for portable use?**
 - A: Yes, the device has been evaluated for general RF exposure and can be used in portable conditions without restrictions.
- **Q: What happens if the device causes harmful interference?**
 - A: Operating the device in compliance with FCC rules should prevent it from causing harmful interference. If interference issues arise, refer to the user manual for troubleshooting steps.

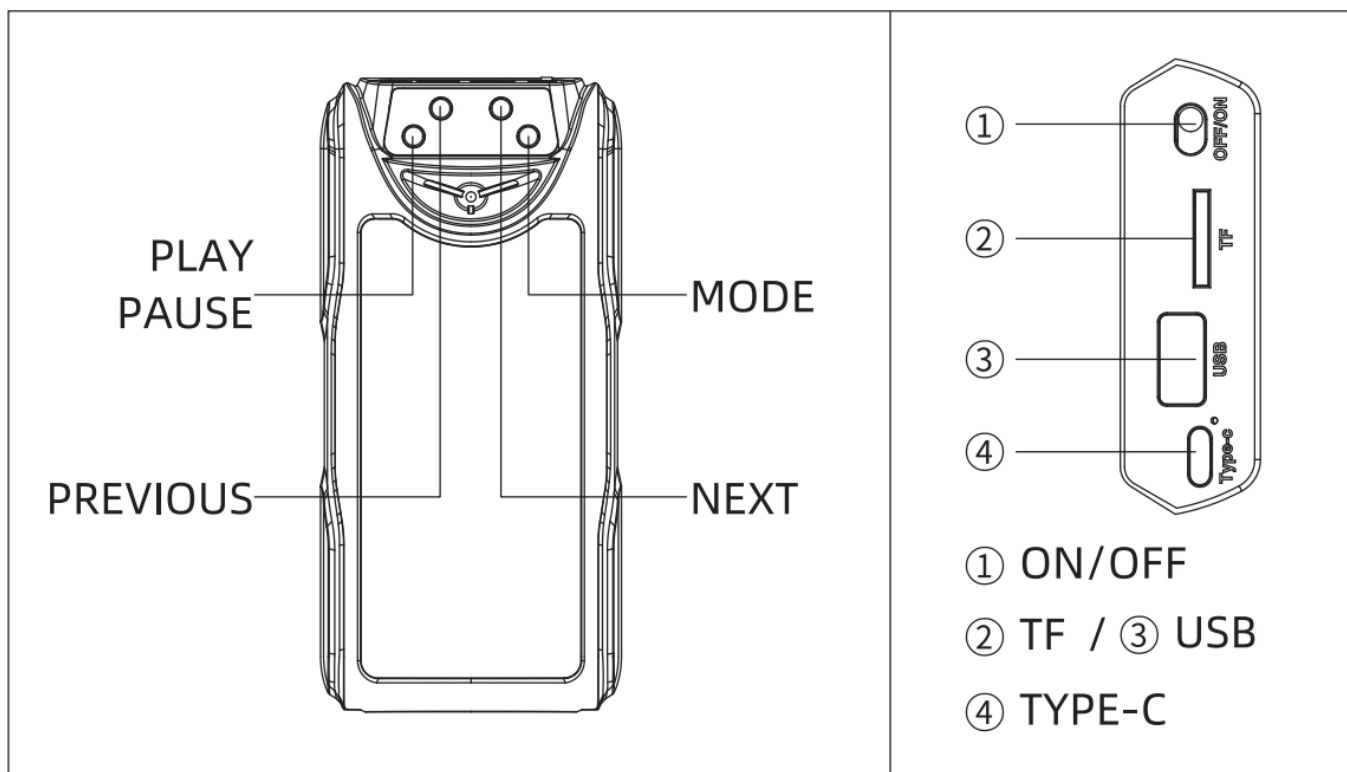

Component

- Wireless Speaker*1
- Charging Cable*1

Specification

- Wireless transmission rang: up to 10 meters
- Speaker drive size : 3 inch*2
- Output power: 5w
- Frequency response: 20Hz-10KHz
- Signal-to-noise ratio: >=85dB
- FM scan rang: 87.5-108.0MHz
- USB charging: TYPE-C
- Product size: 10*8.2*23.5 CM

Product Information

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

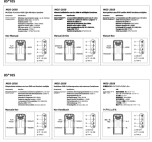

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment RF warning for Mobile device: The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

FCC ID:2BM4U-MOS-2058
