DORESSshop T45 Dimmable Incandescent Light Bulbs

Launch Date: December 8, 2020

Price: \$21.99

Introduction

The DORESShop T45 Dimmable Incandescent Light Bulbs by DORESShop have a cute old-fashioned look and work well in current times. With their famous uncovered filaments, these bulbs give off a warm, welcoming glow that makes any room feel cozier. Because they can be dimmed, you have full control over the light, so you can set the perfect mood for any event. These bulbs give off a soft, warm white light (2700K), which makes rooms feel cozy and private. Even though they are bright, they use little energy and last a long time—3,000 hours. These DORESShop T45 bulbs add a touch of retro charm to any room, whether they are used in hanging lights, chandeliers, or decorative fixtures. It's easy to install and works with most lights when the base is E26. These bulbs come in a set of four and are great for anyone who wants to add style and color to their lighting.

- **Specific Uses:** Decoration, Ambient Lighting

Package Includes

- 4 x DORESSshop T45 Dimmable Incandescent Light Bulbs
- Product Manual

Features

1. **Vintage DORESSshop Design:** The DORESSshop T45 bulb features the iconic exposed filament, delivering a charming, retro look that adds character to any space. This design mimics the classic look of early light bulbs, making it ideal for creating a nostalgic, stylish atmosphere.
2. **Dimmable Functionality:** These bulbs are fully compatible with most dimmer switches, allowing you to adjust the light intensity to match your mood or activity. Whether you want bright light for reading or a soft glow for relaxation, the dimming feature provides the flexibility to set the perfect ambiance.
3. **Warm, Inviting Light:** With a 2700K color temperature, the bulbs emit a soft, warm glow that enhances any room's ambiance. This warm white light is ideal for creating cozy, intimate spaces, making it perfect for living rooms, dining areas, and bedrooms.
4. **Energy-Efficient:** While not as energy-efficient as LEDs, the DORESSshop T45 provides decent energy consumption for a standard incandescent bulb. It offers a traditional incandescent feel while still providing some energy savings, making it a good balance between vintage charm and utility.
5. **Durability:** These bulbs have a lifespan of approximately 2,000 hours, making them long-lasting for everyday use. Although their lifespan is shorter than LED bulbs, they offer excellent durability and consistent performance for their intended use.
6. **Versatile Use:** The DORESSshop T45 bulb is ideal for decorative fixtures such as pendant lights, chandeliers, lamps, and vintage-style lighting setups. Whether used in residential or commercial spaces, these bulbs are perfect for adding character and style to a variety of lighting applications.
7. **Standard E26 Base:** The DORESSshop T45 bulb fits in most standard light sockets with an E26 base. This makes installation quick and easy in a wide range of light fixtures, ensuring compatibility with most lamps and ceiling fixtures.
8. **Compatible with Dimmers:** The DORESSshop T45 works smoothly with dimmer switches, offering complete control over the brightness of your space. You can easily adjust the lighting from bright to dim, depending on the needs of the moment.
9. **Decorative DORESSshop Light Bulbs for Home Decor:** These incandescent bulbs are designed to reflect the style of the T45 DORESSshop filament light bulbs, offering a classic, retro look while providing a warm, soft glow that enhances the decor of any room.
10. **No Flickering:** The DORESSshop T45 bulbs are designed to provide stable, flicker-free light. They emit a warm

white glow without any buzzing or flickering, ensuring a comfortable and visually pleasing lighting experience.

11. **Durable & Dimmable:** The DORESSshop bulbs offer durability with a long lifespan, and their dimmable nature allows for customized lighting. Whether you're hosting a gathering or relaxing at home, these bulbs give you full control over the brightness to create the ideal atmosphere.

12. **Easy to Install:** Installing these T45 bulbs is simple and hassle-free. Just screw them into any standard E26 socket, and you'll enjoy the vintage ambiance they bring to your space in no time.
13. **Classic Aesthetic with Modern Technology:** The T45 DORESSshop bulbs combine traditional design with modern functionality, offering a unique blend of vintage aesthetics and practical lighting solutions.
14. **Warm Light for Eye Comfort:** These bulbs provide a warm white light that's easy on the eyes, making them suitable for reading, dining, or relaxing without causing strain.
15. **Perfect for Various Lighting Needs:** From lighting up your home to enhancing the mood in cafes, restaurants, or hotels, the DORESSshop T45 bulbs are versatile enough to meet various lighting needs and applications.

Usage

- **Interior Lighting:** Ideal for creating a vintage or industrial look in living rooms, dining rooms, kitchens, or bedrooms.
- **Commercial Use:** Perfect for restaurants, cafes, bars, or boutiques, where ambient lighting and aesthetic appeal are important.

- **Accent Lighting:** Excellent for use in pendant lights, chandeliers, or table lamps to highlight specific areas of a room.
- **Decorative Fixtures:** Suitable for lighting exposed bulbs in open, decorative fixtures, such as DORESshop - style pendant lamps or chandeliers.
- **Dimmer Switches:** Use with a dimmer switch to create a customizable lighting experience, ideal for different times of day or tasks.

Care and Maintenance

1. **Turn Off the Power:** Always ensure that the power is turned off before replacing the bulb to avoid any electrical hazards.
2. **Use in Dry Areas:** These bulbs are designed for indoor use. Do not expose them to excessive moisture or humidity.
3. **Handle with Care:** The glass bulb and tungsten filament are fragile. Handle the bulb gently and avoid dropping it.
4. **Cleaning:** When cleaning the bulb, make sure it is cool to the touch. Use a soft, dry cloth to wipe the bulb, avoiding harsh cleaning agents that may damage the finish.
5. **Storage:** Store unused bulbs in a dry, cool location, away from direct sunlight or extreme temperatures.

Troubleshooting

Problem	Solution
Bulb doesn't light up	Ensure the bulb is screwed in correctly and that the power supply is on. Check if the socket is working with another bulb.
Bulb flickers or buzzes	Ensure compatibility with dimmer switches. Try using a standard on/off switch if using a dimmer.
Bulb has a shorter than expected lifespan	Make sure the bulb is used within the recommended voltage range (120V) and in a compatible fixture.
Light is too dim or not bright enough	Check that the fixture is compatible with 40-watt bulbs and the correct voltage. Ensure no obstructions are blocking the light.
Bulb turns on but doesn't dim properly	Check if your dimmer is suitable for incandescent bulbs. Replace with a compatible dimmer if necessary.
Glass bulb is cracked	Handle bulbs carefully to avoid breakage. Replace immediately if damaged.
Bulb doesn't fit into fixture	Verify that the fixture uses an E26 base, which is standard for this bulb type.
Bulb gets too hot	Ensure the bulb is not used in enclosed fixtures or areas without proper ventilation.
Bulb emits a buzzing sound when dimming	If using a dimmer, switch to a compatible dimmer for incandescent bulbs to resolve the buzzing.

Pros and Cons

Pros

- An energy-efficient alternative to traditional incandescent bulbs.
- The dimmable feature allows for customizable lighting settings.
- A long lifespan reduces replacement frequency.

Cons

- Higher initial cost compared to standard bulbs.
- May require specific dimmer switches for optimal performance.

Warranty

The DORESshop T45 Dimmable Light Bulbs come with a one-year warranty against manufacturing defects. Ensure you keep your purchase receipt for warranty claims.

FAQs

What is the wattage of the DORESshop T45 Dimmable Incandescent Light Bulbs?

The DORESshop T45 Dimmable Incandescent Light Bulbs are 40 watts each, providing a classic incandescent feel with sufficient brightness for decorative and functional use.

What is the color temperature of the DORESshop T45 bulbs?

The DORESshop T45 Dimmable Incandescent Light Bulbs emit a warm white light at 2700K, creating a soft and inviting glow perfect for cozy settings.

How long do the DORESshop T45 Dimmable Incandescent Light Bulbs last?

The DORESshop T45 bulbs have a lifespan of approximately 3,000 hours, providing long-lasting illumination for everyday use.

What kind of base does the DORESshop T45 bulb use?

The DORESshop T45 Dimmable Incandescent Light Bulbs feature an E26 base, which is compatible with

most standard light fixtures.

How bright are the DORESshop T45 Dimmable Incandescent Light Bulbs?

Each DORESshop T45 bulb provides 240 lumens of brightness, perfect for adding a warm, ambient glow to your room.

What are the dimensions of the DORESshop T45 Dimmable Incandescent Light Bulbs?

The DORESshop T45 bulbs are compact, with dimensions of approximately 4.75 inches in length and 1.18 inches in width, making them suitable for a variety of fixtures.

While not as energy-efficient as LED bulbs, the DORESshop T45 Dimmable Incandescent Light Bulbs offer decent energy consumption for traditional incandescent lighting, making them a good option for vintage-style lighting with moderate energy use.

Can the DORESshop T45 bulbs be used outdoors?

The DORESshop T45 Dimmable Incandescent Light Bulbs are intended for indoor use, particularly in decorative fixtures. They are not rated for outdoor use, so it's best to keep them in covered, dry areas.

What is the primary design feature of the DORESshop T45 bulbs?

The DORESshop T45 Dimmable Incandescent Light Bulbs are designed with an exposed filament, giving them a vintage, retro look that adds character to any room.

Do the DORESshop T45 bulbs come in different colors?

The DORESshop T45 bulbs typically feature a warm white glow (2700K), which is ideal for most home décor. They are available in a pack of 4, but the color temperature remains consistent.

Are the DORESshop T45 bulbs suitable for reading or task lighting?

While the DORESshop T45 Dimmable Incandescent Light Bulbs provide a warm glow that creates a cozy atmosphere, they may not be ideal for tasks requiring bright, focused light, like reading. For task lighting, consider using bulbs with higher lumen output.

How easy is it to install the DORESshop T45 Dimmable Incandescent Light Bulbs?

The DORESshop T45 bulbs are easy to install thanks to their standard E26 base, which fits into most standard light fixtures. Simply screw them into the socket, and they are ready to use.
