DOUK AUDIO

DOUK AUDIO 168 Plus Bluetooth Power Amplifier

Specifications

- Model: Lepy 168 Plus Amplifier
- Power Adapter: Included
- Power Supply Cable: Included
- User Manual: Included
- Remote Control: Yes (battery not included, requires CR2032)

Product Usage Instructions

Setting up the Amplifier

1. Unbox the product and ensure that all the items mentioned in the packing list are present.
2. Connect the power supply cable to the amplifier.
3. Plug the power adapter into a power outlet and connect it to the amplifier.
4. The amplifier is now ready to be used.

Bluetooth Pairing

1. Ensure that your Bluetooth-enabled device (e.g., smartphone, tablet) is turned on and in pairing mode.
2. Press the Bluetooth button on the amplifier to activate Bluetooth mode.
3. On your device, search for Bluetooth devices and select “Lepy 168 Plus” from the list.
4. The amplifier will pair with your device, and a confirmation message will be displayed.

Using the Remote Control

The remote control allows you to conveniently control the amplifier's functions. To use the remote control:

1. Insert a CR2032 battery into the remote control (not included).
2. Ensure that the amplifier is powered on.
3. Point the remote control towards the amplifier and press the desired buttons to adjust volume, change tracks, etc.

Frequently Asked Questions (FAQ)

Q: Does the remote control come with a battery?

A: No, the remote control does not come with a battery. You will need to purchase a CR2032 battery separately.

Q: How do I contact customer support?

A: For any inquiries or assistance, you can contact our customer support representative:

Address: Room 1329, Wang Cheng Building, Long Guan street, Long Hua new District, Shenzhen, Guang Dong, China

Contact: LIU CHENXI

Tel: +86-177-0402-8602

Warm Tips

For safer and faster shipping, the remote control without battery (CR2032).

How to use

1. Connect speakers to the output. (With sub speaker jacks to build 2.1 channel system.)
2. Wired input: Connect the audio device to the RCA or 3.5mm AUX input. Or insert U-disk to the USB port.
Wireless input: Turn on Bluetooth on your phone, search and click to connect.
3. Then select the input mode and connect power adapter and then plug the power cable into the socket, and then power on the amplifier.
4. Adjust the main volume, sub volume, treble, bass and frequency according to your listening preference.
5. After use, please disconnect the power adapter.

Parameters
