DR CATCH GE2-08B Led Mouse Pad

Launch Date: December 12, 2020

Price: \$15.99

Introduction

The DR CATCH GE2-08B LED Mouse Pad is stylish, useful, and long-lasting, making it a better choice for both professionals and gamers. It has a smooth micro-textured surface, 14 RGB lighting modes that can be customized, and a non-slip rubber base that keeps it stable and precise during intense sessions. It's big enough to fit a lot of keyboards and mice, which makes it perfect for work or gaming sets. This plug-and-play mouse pad is driven by USB for ease of use and doesn't need any extra drivers. The waterproof and long-lasting design keeps spills from happening, so it will work for a long time. It's small and light, so you can use it at home or on the go. The DR CATCH GE2-08B LED Mouse Pad makes any desktop setting look better. It's easy to use and made to be comfortable. This reliable and stylish tool will help you get more done and play games better.

Specifications

- **Series:** GE2-08B
- **Item Model Number:** GE2-08B
- **Item Weight:** 1.52 pounds
- **Product Dimensions:** 31.5 x 12 x 0.3 inches
- **Color:** Black

- **Material:** Rubber base and microfiber surface
- **Manufacturer:** Guangzhou Tai's Teng Trading Co., Ltd.
- **Country of Origin:** China
- **Date First Available:** December 12, 2020

Package Includes

- 1 x DR CATCH GE2-08B LED Mouse Pad
- 1 x 1.8m USB Cable
- 1x User Manual

Features

1. RGB lighting that can be changed

Users can make their settings unique with this mouse pad's 14 lighting modes, which include 10 dynamic effects and 4 static colors. The modes have colorful transitions and dynamic breathing effects that are great for making your game experience better. The mouse pad remembers the mode you last chose thanks to a power-off memory feature.

2. Tracking Smooth Surface

The DR CATCH GE2-08B is perfect for workers and gamers alike because it has a micro-textured fabric surface that makes it very accurate. This surface makes sure that the mouse moves smoothly and without any problems, giving you better control when you're gaming or designing something in great detail.

3. Wireless Charging: Conveniently charge your devices wirelessly.

Wireless charger

Protect your equipment from overvoltage and overheating.
Recommended power adapter 9V 2A (not configured)

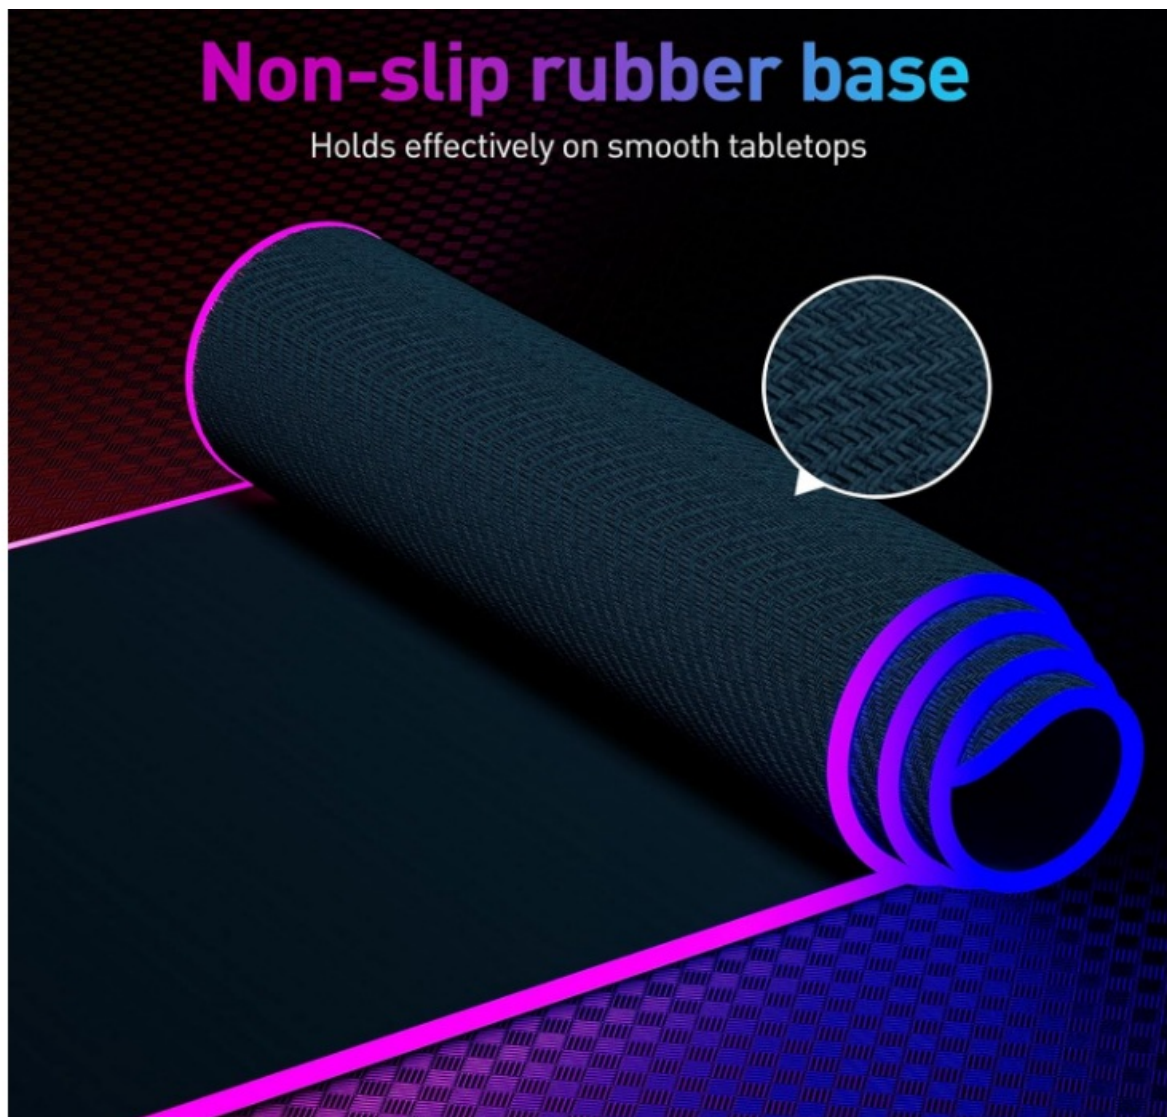

4. **Overvoltage & Overheating Protection:** Safeguard your equipment with built-in protection against overvoltage and overheating.
5. **Recommended Power Adapter:** For optimal performance, use a 9V 2A adapter (not included).
6. **Tact Switch:** Easy-to-use switch for controlling RGB lighting modes.

7. **Long Press to Turn Off**: Hold for 2 seconds to turn off the RGB mode

8. **Rubber base that won't slip**

With a base made of natural rubber, this mouse pad is very stable and won't move around while you're using it. The design doesn't let them slip, so they stay in place on any surface, even during long game sessions.

9. Plug-and-play design powered by USB

Easy to set up, the mouse pad comes with a 1.8m USB cord. It is ready to use as soon as you plug it into a USB port. Because you don't need any extra tools or software, the process is easy.

10. Big and Long Size

This mouse pad, which is 31.5 x 12 x 0.3 inches, has plenty of room for full-sized computers and mice. It's great for professionals who need more room and gamers who need to move around a lot.

11. Construction that lasts

The DR CATCH GE2-08B is made with multi-layer seaming technology, which makes it resistant to wear and tear and ensures long-lasting performance. Even after a lot of use, the edges won't break because they are strong.

12. Design that is portable and light

Even though the mouse pad is big, it's not heavy, so it's easy to take. It works great for games at home or on the go.

13. It's waterproof and simple to clean.

The waterproof cloth surface keeps spills from damaging the surface and makes it easy to clean. You don't have to worry about spots or fading when you wipe the surface, whether it's coffee, soda, or water.

14. Control with One Touch

The intuitive control button makes it simple to use.

- With a single press, you can change the lighting style.
- Double-press to change the color.
- Press and hold for three seconds to turn the mouse pad on or off.

15. Ideal Choice for a Gift

The DR CATCH GE2-08B makes a great gift for workers, tech fans, and gamers. It looks great on any desk thanks to its bright lights and useful features.

Usage

1. Unroll the mouse pad and place it on a flat surface.
2. Connect the USB cable to the mouse pad and your computer or power source.
3. Press the control button to toggle between lighting modes and find your preferred setting.
4. Place your mouse and keyboard on the pad and start using it for gaming, designing, or office work.
5. Adjust the position as needed for comfort and performance.

Care and Maintenance

- **Cleaning:** Use a damp cloth to wipe the surface gently. Avoid using harsh chemicals that might damage the material.
- **Avoid Liquids:** Keep liquids away from the mouse pad to prevent damage to the LED components.
- **Storage:** When not in use, roll the mouse pad gently and store it in a dry, cool place.
- **Cable Care:** Ensure the USB cable is not bent or twisted to avoid connectivity issues.
- **Check Connections:** Regularly inspect the USB connection for dust or debris.

Troubleshooting

LED Lights Not Working:

- Ensure the USB cable is securely connected.
- Try plugging it into a different USB port.
- Restart your computer.
- If the issue persists, refer to the warranty card for assistance.

Mouse Pad Slipping:

- Ensure the surface is clean and dry.
- Check for dirt or dust on the rubber base and clean it.

Uneven Lighting:

- Disconnect and reconnect the USB cable.
- Ensure the cable is not damaged.
- Switch through lighting modes to reset the settings.

Mouse Movement Issues:

- Clean the surface of the mouse pad.
- Ensure your mouse sensor is free from dust or debris.

Pros and Cons

Pros:

- Large surface area enhances usability.
- Customizable RGB lighting adds aesthetic appeal.
- Waterproof material ensures durability.

Cons:

- Requires USB power, limiting portability without an outlet.
- RGB features may not appeal to all users.

Warranty

The DR CATCH GE2-08B LED Mouse Pad comes with a one-year warranty against manufacturing defects. Ensure you keep your purchase receipt for warranty claims.
