Operating Instructions

Instructions on Bluetooth Connection

1. Turn on the Bluetooth (BT) on your phone or iPad, with a transmission distance of 10m.
2. The Bluetooth name of the device is "DABA", and the password is "8888".
3. When your phone or iPad has searched for the Bluetooth name, please click and connect to it.
4. The product has two push ways:
 - When line push is selected, electronic devices such as phones and iPads can be connected. The Bluetooth (BT) LED will flash in red.
 - When Bluetooth push is selected, the Bluetooth (BT) LED will be red.

Specification

- Rated Power 2×20W/8Ω
- Freq. Resp. 20Hz-20KHz
- Distortion 0.3
- SNR 82dB
- Matched Impedance 8Ω
- LINE IN Sensitivity 0dB(1V)
- LINE IN Impedance 10KΩ
- BT Transmission 10m
- BT Standard BT2.1+EDR
- Power Supply 220V/50Hz/60Hz
- Net Weight 0.33KG
- Gross Weight 0.35KG
- Product Dimension 125mm×100mm×35mm
- Package Dimension 135mm×110mm×45mm

Operating Instructions

Instructions on Bluetooth Connection

1. Turn on the BT on your phone or iPad, with a transmission distance of $\leq 10\text{m}$. The Bluetooth name of the device is "DABA", and the password is 8888.
2. When your phone or iPad has searched for the Bluetooth name, please click and connect it. The product has two push ways:
 - When line push is selected, electronic devices such as phones and iPads can be connected. BT LED will flash in red.
 - When Bluetooth push is selected, the BT LED will be red.
