Global Trade Identification Number	00071617841003
Country of Origin	China
Item Model Number	3572XP
Manufacturer Recommended Age	6 years
Release Date	October 12, 2020
Manufacturer	Duncan

WHAT'S IN THE BOX

- Light-Up Yo-Yo
- Battery
- User Manual

FEATURES

- **LED Light-Up Technology:** Has lights that pulse, blink, and change colors and patterns while you play, making the experience beautiful to look at.
- **Intermediate Level Design:** This level is perfect for intermediate players who want to learn more difficult tricks and looping moves.
- **Ball-Bearing Axle:** It has a ball-bearing axle that lets you do more complicated and long-lasting tricks because it spins for longer.
- **Durable Polycarbonate Body:** Made of high-impact polycarbonate, which means it will last for a long time.
- **Rim-Weighted Shape:** The classic rim-weighted shape makes the ball more stable and balanced while you play.
- **Lightweight Design:** It only weighs 55.6g (1.96 ounces), which makes it easy to control for precise tricks.
- **Small Size:** It's only 57.5 mm across and 27.2 mm thick, so people of all ages can easily handle it.
- **Attractiveness:** The yo-yo looks sleek and modern thanks to its clear and blue trimmings.
- **Multi-Color LED Display:** The lights change colors all the time to make things more exciting.
- **Ideal for Collectors:** A unique addition to any yo-yo collection because of how it looks and the features that make it special.
- **Wide Skill Range:** It's good for intermediate players and hard enough for advanced players to enjoy.
- **An Iconic Brand Legacy:** It was designed by Duncan, a well-known yo-yo maker, and world winners use it.
- **Quick Returns:** Made to make returns easy and safe, which boosts user trust.

- **Fun Hobby:** Great for kids and people who want to learn new skills or get back into a hobby they used to enjoy as a child.
- **Portable Fun:** It's small and light, so it's easy to take with you for fun on the go.

SETUP GUIDE

- **Carefully take the yo-yo out of the box** so you don't damage the string or body.
- **Check String Length:** Make sure the user's height doesn't interfere with the string length so it's easy to handle.
- **Tie Finger Loop:** Make a small loop at the end of the string to keep your grip tight while you play.
- **Check the Axle and String:** Before you start, make sure the string is wound around the axle properly.
- **Test the LED Lights:** Gently spin the yo-yo to see if the LED lights work.
- **Practice Simple Throws:** To get used to the yo-yo's weight and spin, start with simple throws.
- **Get Good at Simple Tricks:** Learn easy tricks like "Sleeper" to feel more comfortable with the yo-yo.
- **Fine-Tune Spin:** Change the throw position to get the longest spin times.
- **Adjust String Tension:** To keep the strings from getting tangled, keep the tension at the right level.
- **Master Returns:** You can make things go more smoothly if you practice controlled returns to the hand.
- **Explore Looping Tricks:** Learn looping tricks to get the most out of the yo-yo's design.
- **Light Up the Play Area:** Play with the yo-yo in a poorly lit area to enjoy the magic of the LED lights.
- **Learn Wrap-Style Tricks:** To get the most out of the yo-yo's ball-bearing axle, try wrap-style tricks.

- **Try Different Speeds:** Doing faster spins will make the light and color effects stronger.
- **Put the yo-yo away in a dry, safe place** after use. Make sure the string is nicely wound up.

CARE & MAINTENANCE

- **Wipe the string often** to get rid of dirt and other things that are stuck on it.
- **Change Worn Strings:** If the string starts to fray or lose its tightness, you should get a new one.
- **Keep Out of Water:** To protect the LED lights and other parts inside the yo-yo, don't put it in water.
- **Check the Axle:** Look for dirt or dust on the ball-bearing axle and gently clean it if you find any.
- **Tighten Loose Parts:** To keep the yo-yo stable, tighten the halves every so often.
- **Do Not Over-Twist:** Do not twist the yo-yo too much because it could damage the axle or threads.
- **Protect the LEDs:** To keep the LED parts from breaking, don't drop the yo-yo on hard surfaces.
- **Place to Store Coolly:** To keep the yo-yo in good shape, keep it somewhere dry and cool.
- **The body should be dusted** with a soft cloth so that it doesn't get scratched.
- **Avoid Too Much Impact:** Be careful when handling the yo-yo to make it last longer.
- **Check Spin Smoothness:** Check the yo-yo's spin on a regular basis to find any problems with how it works.
- **Check the brightness of the LEDs:** If the lights get dim, make sure the yo-yo is put together correctly and cleaned.
- **Use on Clean Surfaces:** Don't play with the yo-yo on surfaces that are dirty or rough, as they could hurt it.
- **Learn the Right Ways to Do Things:** To keep the string and frame from getting too stressed, use the right ways to play.
- **Keep for Indoor Use:** It's better to play inside so that you don't get as much wear and tear from the weather.

TROUBLESHOOTING

Issue	Possible Cause	Solution
LED lights not turning on	Dead batteries	Replace with new batteries.
Yo-yo not spinning smoothly	String tangling or worn out	Untangle or replace the string.
LED lights dimming	Low battery power	Replace batteries with fresh ones.
Difficulty in performing tricks	Incorrect yo-yo setup	Adjust tension or string length.
Yo-yo stops midway	Over-tightened string	Loosen string slightly.
Uneven spin	Dirty or damaged axle	Clean or replace the axle.
Yo-yo not returning properly	Insufficient string tension	Tighten the string slightly.
Poor performance after drop	Misaligned yo-yo halves	Align the yo-yo halves correctly.
String slipping off	Improper finger loop placement	Adjust and secure the finger loop.
Yo-yo string fraying	Excessive wear	Replace with a new string.
Difficulty controlling yo-yo	Incorrect hand positioning	Practice correct hand positioning.
Noisy operation	Axle or bearing needs lubrication	Apply a small amount of yo-yo lubricant.
Yo-yo unresponsive	Bearing stuck	Clean or replace the bearing.
LED flickering	Loose battery connection	Secure battery compartment tightly.
Yo-yo feels unbalanced	Unequal weight distribution	Check assembly and correct weight balance.

PROS & CONS

Pros:

1. Embedded LED lights create dazzling effects during play.
2. Perfect for intermediate-level tricks and stunts.
3. Compact and lightweight design for enhanced control.
4. Durable construction ensures long-lasting use.
5. Suitable for children aged 6 and above.

Cons:

1. Batteries may require frequent replacement for heavy users.
2. Not ideal for beginners.
3. Limited to intermediate skill levels—may not satisfy advanced players.
4. Requires proper string maintenance for optimal performance.
5. LEDs may dim with prolonged use.

WARRANTY

Duncan provides a limited warranty for the 3572XP LED Light-Up Yo-Yo, covering defects in materials and workmanship. Warranty claims are subject to terms and conditions and may require proof of purchase. Contact the manufacturer for assistance with replacements or repairs.

FREQUENTLY ASKED QUESTIONS

The Duncan 3572XP LED Light-Up Yo-Yo is an intermediate-level yo-yo designed for enhanced play, featuring vibrant LED lights for an exciting experience.

How much does the Duncan 3572XP LED Light-Up Yo-Yo cost?

The Duncan 3572XP LED Light-Up Yo-Yo is priced at \$16.84.

What are the dimensions of the Duncan 3572XP LED Light-Up Yo-Yo?

The Duncan 3572XP LED Light-Up Yo-Yo measures 2.26 inches in length and width.

What is the weight of the Duncan 3572XP LED Light-Up Yo-Yo?

The Duncan 3572XP LED Light-Up Yo-Yo weighs 1.96 ounces.

What is the recommended age range for the Duncan 3572XP LED Light-Up Yo-Yo?

The Duncan 3572XP LED Light-Up Yo-Yo is suitable for children aged 6 years and up.

What is the skill level required to use the Duncan 3572XP LED Light-Up Yo-Yo?

The Duncan 3572XP LED Light-Up Yo-Yo is designed for intermediate-level players.

Where is the Duncan 3572XP LED Light-Up Yo-Yo manufactured?

The Duncan 3572XP LED Light-Up Yo-Yo is manufactured in China.

When was the Duncan 3572XP LED Light-Up Yo-Yo released?

The Duncan 3572XP LED Light-Up Yo-Yo was released on October 12, 2020.

What lighting feature does the Duncan 3572XP LED Light-Up Yo-Yo have?

The Duncan 3572XP LED Light-Up Yo-Yo features LED lights that illuminate during use, adding a dynamic visual effect.

Does the Duncan 3572XP LED Light-Up Yo-Yo require batteries?

The Duncan 3572XP LED Light-Up Yo-Yo uses LED lights, which typically require small batteries, but the specifics are not mentioned.

Can beginners use the Duncan 3572XP LED Light-Up Yo-Yo?

While the Duncan 3572XP LED Light-Up Yo-Yo is geared towards intermediate players, beginners can use it to advance their skills.

Why doesn't the LED light on my Duncan 3572XP LED Light-Up Yo-Yo turn on?

The LED may not activate if the batteries are dead or not installed correctly. Check the battery compartment, replace the batteries with fresh ones, and ensure they are positioned with the correct polarity.

The Duncan 3572XP LED Light-Up Yo-Yo doesn't spin properly. What should I do?

Ensure the string is properly attached and not tangled. Check if there's debris in the yo-yo's axle and clean it if necessary. Also, ensure the string is the correct length and properly lubricated.

Why does my Duncan 3572XP LED Light-Up Yo-Yo stop lighting up mid-use?

If the lights stop working, the battery connection might be loose due to movement. Open the yo-yo, secure the battery contacts, and check if the batteries need to be replaced.

The string on my Duncan 3572XP LED Light-Up Yo-Yo keeps breaking. How can I fix this?

Frequent string breaks may occur if the string is worn out or of poor quality. Replace the string with a new Duncan-branded yo-yo string and ensure it's not too tight around the axle.
