duravent 5DT-CS11-2 Dura Tech Support Boxes with Integrated Flue Extensions

Product Specifications

- **Brand:** Duravent
- **Design:** Support Box with Integrated Flue Extension
- **Available Sizes:** 5", 6", 7", 8" Diameter with various square, round, and flat options
- **Features:** Connect stovepipe directly to ceiling support without chimney adapter

Product Usage Instructions

Installation Steps:

1. Choose the appropriate size and design of the Duravent support box based on your stovepipe diameter and ceiling type.
2. Ensure the ceiling support box is securely mounted to the ceiling according to the manufacturer's instructions.
3. Connect the stovepipe directly to the support box without the need for a separate chimney adapter.

Maintenance Tips:

- Regularly inspect the support box and flue extension for any signs of damage or wear.
- Clean the support box as recommended by Duravent to ensure optimal performance.

FAQs

- **Q: Can I use the support box with a different brand of stovepipe?**
 - A: It is recommended to use Duravent stovepipes with the support box for compatibility and safety reasons.
- **Q: How do I know which size support box to choose for my stovepipe?**
 - A: Measure the diameter of your stovepipe and select the corresponding size of the support box provided by Duravent.
- **Q: Do I need additional insulation with the support box?**

- A: Depending on your installation requirements, Duravent offers support boxes with insulation shields for added safety and efficiency.
