Dustlight

Dustlight HSDUSTLM Mini Particulate Matter Analyser and Detector

Product Information

Specifications:

- Product Name: Dustlight
- Maintenance Cost: 99,00 before tax
- Services Included:
 - Visual inspection and functional test
 - Cleaning the air ducts
 - Maintenance, cleaning, and recalibration of the internal fine dust sensor
 - Replacement of stainless-steel pre-filters at the inlet and outlet
 - Update of device software

Product Usage Instructions:

Maintenance Schedule:

It is crucial to service your Dustlight at the intervals specified on the device and in the accompanying app for optimal performance.

Cleaning Process:

Follow these steps for maintenance:

1. Visual inspection and functional test of the Dustlight.
2. Clean the air ducts thoroughly.
3. Maintain, clean, and recalibrate the internal fine dust sensor.
4. Replace the stainless-steel pre-filters at the inlet and outlet.
5. Update the device software as needed.

Contact Information:

If you require maintenance services, contact Dustlight at info@dustlight.de or visit www.dustlight.de for more information.

To maintain the optimal performance of your Dustlight, it is essential to service the device according to the intervals indicated on both the device itself and within the accompanying app. We can ensure measurement accuracy and sensor durability throughout the entire lifespan of the device only for Dustlights that have been serviced within the specified intervals.
