Eastbrook

Eastbrook 27 Series WC Pan with Fixings

Product Specifications

- **Brand:** XYZ Bathrooms
- **Models:** Belgravia, Cheltenham, Ferrara, Kompact, Loire, Tamarind, Tempo, Cheverney, Type 55 Corner Cistern, Elysee Cistern, Courchevel Cistern
- **Warranty:** 12 months
- Do not use chlorine (bleach) or related products

Installation Instructions

Before starting the installation process, ensure you have all the necessary tools and materials ready. If you are unsure about any step, it is recommended to consult a qualified installer.

Step 1: Preparation

Turn off the water supply to the existing WC pan and cistern. Remove any fixtures or fittings that may obstruct the installation process.

Step 2: Removal of Old WC Pan and Cistern

Disconnect the water supply line and unscrew the bolts securing the old WC pan and cistern to the floor. Carefully remove the old unit and clean the area for the new installation.

Step 3: Installation of New WC Pan and Cistern

Place the new WC pan in position and secure it to the floor using the appropriate bolts. Install the cistern on top of the pan and connect the water supply line. Ensure all connections are tight and secure.

Step 4: Testing

Turn on the water supply and check for any leaks or issues with the new installation. Adjust the settings as needed for optimal performance.

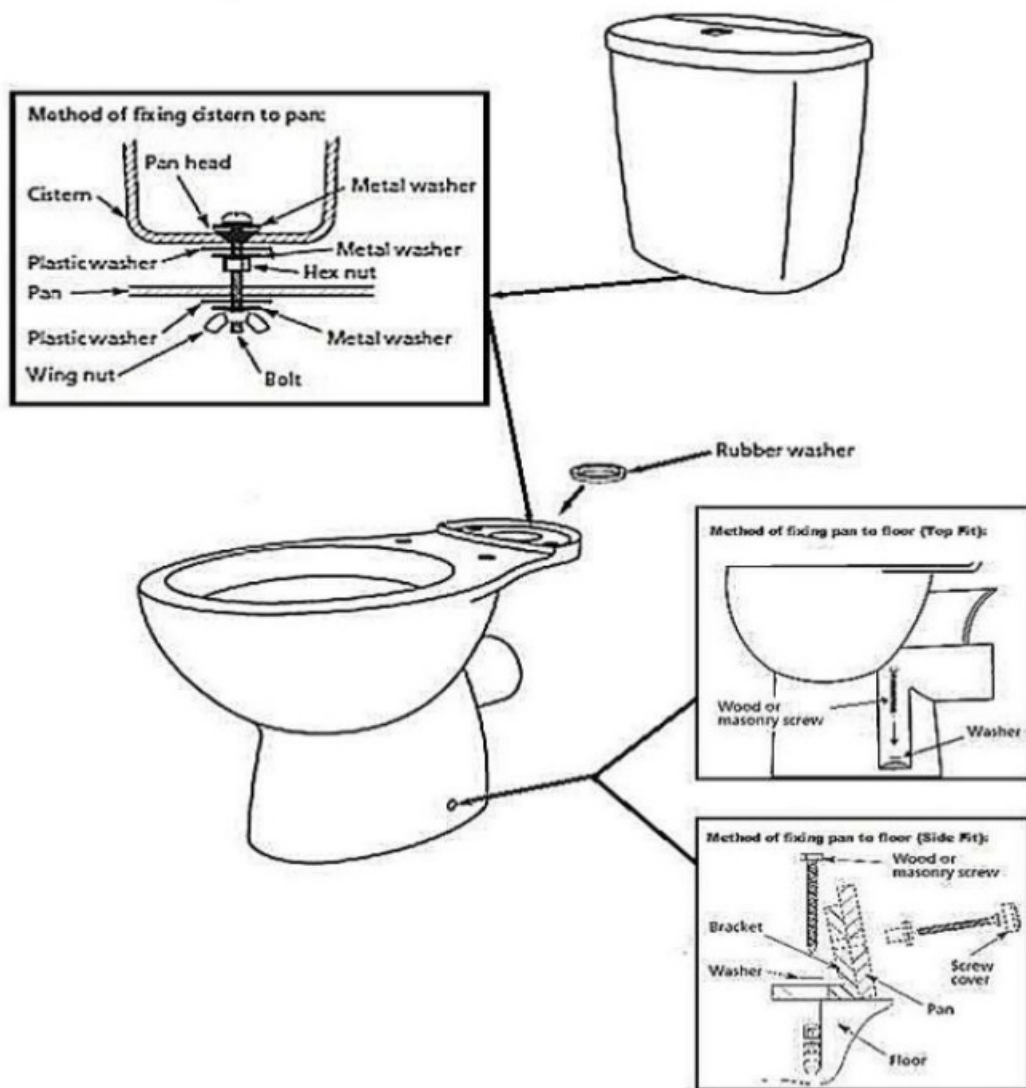

Installation Instruction**Applicable Products:**

- 27.0541/27.0551 Belgravia WC Pan and Cistern
- 27.0581/27.0591 Cheltenham WC Pan and Cistern

Please Note: Ensure these instructions are followed carefully. If you are unsure about any aspect of the installation, please consult a qualified installer. In the event of any problem with the performance of this equipment, please check installation before consulting your supplier.

DO NOT USE CHLORINE (BLEACH) OR RELATED PRODUCTS

OVERVIEW

The above products are covered for 12 months warranty

FAQ

• **Q: Can I use chlorine or bleach with these products?**

- A: No, it is advised not to use chlorine (bleach) or related products as they may damage the components of the WC pan and cistern.

• **Q: What should I do if there is a problem with the equipment's performance?**

- A: Before consulting your supplier, ensure that the installation has been done correctly. If there are any issues, it is recommended to check the installation first.
