USE AND CARE GUIDE

Wireless Controlled Smart Bulb

THANK YOU

We appreciate the trust and confidence you have placed in EcoSmart through the purchase of this bulb. We strive to continually create quality products designed to enhance your home. Visit us online to see our full line of products available for your home improvement needs. Thank you for choosing EcoSmart!
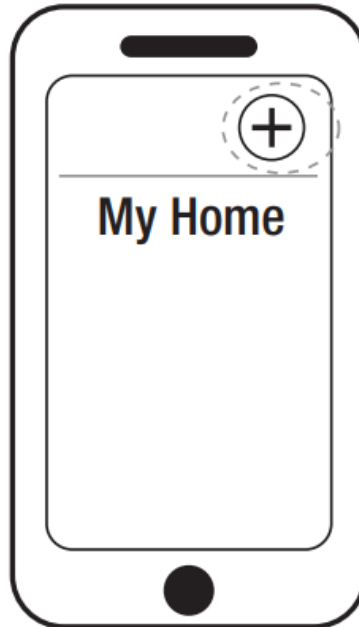

Operation

1 Download the Hubspace™ app from the App Store or the Google Play Store.

2 Sign in, or tap Register to create a Hubspace account.

3 To add your bulb, tap the `+' button in the upper-right corner.

My Home

 NOTE:

- Bluetooth access is required for product setup.
- Each smart Hubspace bulb must be added individually by scanning the QR code or by following the instructions for manual set up.
- Manual instructions can be found in the app or under step 8 of this product manual.
- Scanning the QR code is the fastest method for set up.
- QR code must be scanned from inside the Hubspace app.

4 Scan the QR code printed on either the bulb or Quick Start Guide.
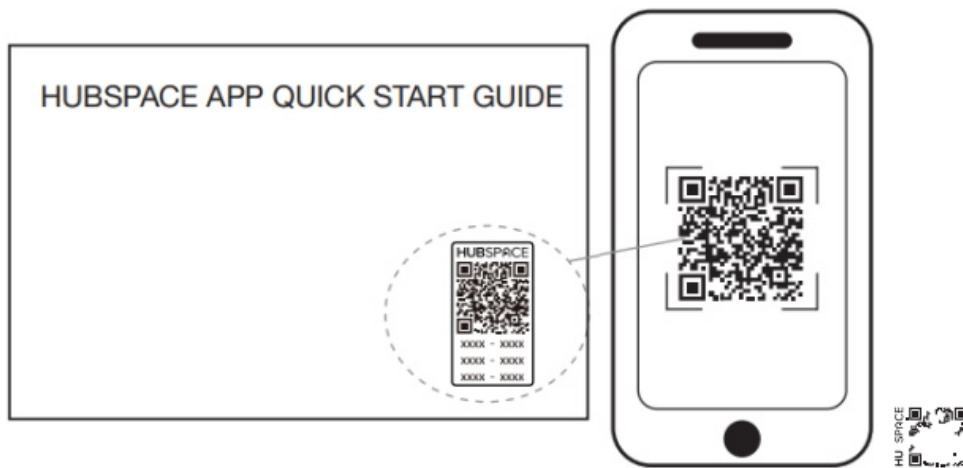

NOTE:

- QR code must be scanned from inside the Hubspace app.
- If the QR code cannot be scanned, you can enter the code manually. Tap Enter Code and follow the instructions.
- If you are unable to access the QR code, on the Scan Product screen, tap the Search button in the lower-right corner and follow the instructions.
- If you cannot locate the QR code or are having trouble scanning the QR code, please follow instructions for manual set up.
- Manual set up instructions are under step 8 of this product manual.

5 Connect your bulb to power and follow the instructions on app screen.

NOTE:

- This Hubspace bulb requires a 2.4GHz Wi-Fi network, which most routers provide.
- The Hubspace app will only show Wi-Fi networks compatible with this bulb.
- If you do not see your Wi-Fi network name when you attempt to connect your bulb, please check your router settings or move your product closer to your Wi-Fi router.

6 Control your lighting using the Hubspace app

- Control Dimming: choose the brightness you want in the app.
- Change Colors: Select from shades of white or full color spectrum.
- Group Control: group bulbs so they can be controlled at one time.
  * Set up groups by tapping the "+" sign on the home screen and select "set up group".

Follow the instructions in the app.

* Groups can also be set up by setting up rooms. Select "rooms" from the home screen and follow the instructions in the app.

- Create Schedules: program bulbs to turn on and off automatically.

* Select Schedules from the home screen. Follow the steps in the app to create schedules.

7 Set up your Voice Assistant

You can connect your smart bulb to Google Assistant and Alexa from the Hubspace app. Or, you can sign in to Alexa app or Google Assistant and connect to your Hubspace products from there.

8 Manual Set up

If you cannot locate the QR code or are having trouble scanning the QR code, follow below instructions:

- Power on the bulb.
- Tap the `+' button in the upper right corner on app screen to add your bulb.
- Tap the Search button in the lower right hand corner and follow the directions in the Hubspace App.

NOTE: QR code must be scanned from inside the Hubspace app.

Troubleshooting Guide

Problem	Solution
My Hubspace product is not connecting to Wi-Fi.	Make sure your product is connected to a power source. Your internet connection or Wi-Fi network may be down.
My product cannot nd an y Wi-Fi networks.	Make sure you have a 2.4GHz capable Wi-Fi network with in range of the product you are trying to add.

My product is in a location that does not have Wi-Fi. Can I still use it with the Hubspace app?	Yes. Use the app on a phone with an internet connection like LTE. The phone must be within Bluetooth range of your Hubspace product.
I cannot nd the QR code.	It is on the bulb housing. A copy of the QR code is also included in your product's documentation.
The QR code has become damaged. How do I add the product?	Under the QR code are numbers. You can enter those in manually instead of scanning the code.
The QR code will not scan.	The QR code must be scanned from inside the Hubspace app. If still unable to scan, please follow instructions for manual set up under step 8 of this product manual.
I lost my QR code. How do I add a product?	Make sure the product is connected to power. In the Hubspace app, tap +, then Add Product. On the Scan Product screen, tap the Search button in the lower-right corner. Follow the instructions on-screen.
A product is on another account. How do I transfer it?	Scan the QR code and it will transfer to your account.
My product is offline for long periods of time.	Make sure your Wi-Fi signal strength is sufficient. You may need to move your router, use mesh Wi-Fi, or Wi-Fi extenders.
The product is on and I scanned the QR code, but the app cannot connect to it.	Turn off Bluetooth on your phone and turn it back on. Then, scan the QR code. If the problem persists, turn your phone off and on, then try again.

Can I scan the same QR code to add multiple products?	No. Each product has a unique QR code.

FCC Regulation

Supplier's Declaration of Conformity

47 CFR§ 2.1077 Compliance Information

Unique Identifier:13G3060WRGBGD01

Responsible Party

Leedarson America. Inc.

300 Technology Court SE Suite 100; Smyrna, GA 30082
