EDIFIER R1280DB Powered Bluetooth Speaker Brown Wood

Important safety instruction

WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. Thank you for purchasing Edifier R1280DB multimedia speakers. Please read this manual carefully before operating this system.

CAUTION

RISK OF ELECTRIC SHOCK DO NOT OPEN

- The lightning flash with arrowhead inside the triangle, is intended to alert the user to the presence of un-insulated dangerous voltage within the product's enclosure that may be of a sufficient magnitude to constitute a risk of electric shock to persons.
- To prevent the risk of electric shock, do not remove the cover (or back). No user-serviceable parts inside. Refer servicing to qualified Service personnel only.
- The exclamation point inside the triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

1. Read these instructions.
2. Keep your user manual.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not use this apparatus near water and never put this apparatus into liquids or allow liquids to drip or spill onto it.
8. Do not place appliances filled with water on this apparatus, such as vases; nor place any form of open fire such as a lit candle.
9. Do not block any ventilation openings. Please leave enough space around the speakers to ensure good ventilation (the distance should be above 5cm). Install by the manufacturer's instructions.
10. Do not disturb the safety purpose of the polarizer, grounding-type type plug. A polarized plug has two blades one wider than the other. A grounding-type plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the outlet.

11. Protect the power cord from damage or getting pinched particularly at plugs, receptacles, and the point where they exit from the apparatus.
 12. Only use attachments/accessories specified by the manufacturer.
 13. Unplug this apparatus during lightning storms or when unused for long periods.
 14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus is damaged, such as a power supply cord or plug, liquid spilled, or objects falling into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
 15. The MAIN plug is used as the disconnecting device, the disconnecting device shall remain readily operable.
 16. The Maximum ambient temperature is 45°C / 113°F
 17. Do not use strong acids, strong alkalis, and other chemical solvents to clean the product surface. Please use nea no solvent or water to clean the product.
- Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
 - Correct Disposal of this product. This marking indicates that this product should not be disposed of with other household wastes throughout the
 - EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmentally safe recycling.
 - This equipment is a Class I or double-insulated electrical appliance. It has been designed in such a way that it does not require a safety connection to electrical earth.
