Educational Insights EI-1130 Pyxel Coding Pet

What's in the box

Set up & connect

Update your pet

Pyxel may need an update! Go to CodeWithPyxel.com/update on your device and download the update file. Connect to Pyxel and go to Settings, then Update. On your device, choose the file you just downloaded and open it. Pyxel will update and restart!

Reset Wi-Fi password

Slide the power switch to the off position, then back on. Repeat this 3 times to reset the current Wi-Fi password. Pyxel's waist LED will change to Yellow if successful. Follow the setup steps, beginning with step 2, to create a new password and reconnect to Pyxel.

Cleaning Instructions

carefully wipe Pyxel's surface with a slightly damp or dry cloth. Do not immerse or spray any liquid on Pyxel.

Lithium Ion Battery Information

Do NOT charge at or below freezing (0° C). Do not allow charger or battery pack to overheat. If they seem warm, allow to cool down. Charge only at room temperature. Battery pack should not be disassembled, crushed, punctured, opened or otherwise mutilated.

CONTAINS LITHIUM ION BATTERY PACK. BATTERIES MUST BE RECYCLED.

Retain these instructions for future reference. For household use under adult supervision. Keep cord away from children. Only use with a reliable and proper charging source. Turn off or unplug when not in use. Do not attempt to disassemble or modify this product, or remove the battery as it could void the user's ability to operate the product properly. Do not crush this product by dropping, hammering, or stepping on it. If product shows signs of breakage, dispose of properly. Do not expose to high temperatures or place near a heat source. Do not place in direct sunlight for any length of time. When not in use, store at room temperature. Do not dispose product in fire. If the product is working erratically, or the time between charges is shortened, the battery could be nearing the end of its life. The battery life may vary depending on storage, operating conditions, and environment. Examine the charging cord periodically for conditions that may result in the risk of fire, electric shock or injury. If the cord is damaged, the cord should not be used until properly repaired or replaced. Wipe product with a damp cloth to clean. – Do not submerge in water. Keep the supply terminals clean and do not short circuit. Ensure that USB is plugged in properly and into appropriate charging ports.

Product Disposal

This product contains a 500mAh Lithium Ion rechargeable battery non-replaceable. Discarding batteries in your general household waste can be harmful to the environment. When disposing of the product, follow appropriate local guidelines and regulations. For further information, contact your local solid waste authority.

Hereby, Educational Insights declares that the radio equipment type 2.4Ghz Wi-Fi is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address:

FCC

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Note: The user is cautioned that changes and modifications made to the equipment without the approval of manufacturer could void the user's authority to operate this equipment, This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for satisfying RFexposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. The wireless device is designed to meet the requirements for exposure to radio waves established by the Federal Communications Commission (USA). The equipment complies with FCC Radiation exposure limits set forth for uncontrolled enviroment. This equipment should be instal led and operated with minimum distance 20cm between the radiator and your body.

500mAH Lithium Ion rechargeable battery non-replaceable Bateria de ion de litio de 500 mAh recargable y no reemplazable Batterie lithium ion rechargeable de 500 mAH non remplaçable Wiederaufladbarer li-lon-Akku, 500 mAh, nicht austauschbar This device complies with Part 15 ot the FCC rules. Operation is subject to the following two conditions:

1. this device may not cause harmful interterence and
2. this device must accept any interterence received, including interference that may cause undesired operaion.
