- **Toy Figure Type:** Interactive Gaming Figure
- **Subject Character:** Robot
- **Control Distance:** About 24 feet
- **Battery of Robot:** 3.7V 600mAh Lithium-Ion (included)
- **Battery of Remote Control:** 2 x 1.5V AA (not included)
- **Charging Time:** 1-2 hours
- **Playing Time:** 3-4 hours after full charge

- **Size:** 10.6 inches
- **Item Dimensions (L x W x H):** 5"L x 3"W x 10"H
- **Material:** ABS Plastic
- **Color:** Blue

## Package Includes

- 1 x Robot Toy
- 1 x Remote Control
- 1 x USB Cable
- 1 x User Manual

## Features

1. When kids play with the EduCuties EC22-5R robot, they can make it walk forward and dance in fun, energetic ways that keep their attention. Kids have fun and are involved in interactive play when they dance, whether they dance to music or move smoothly.
2. **Interactive Music and Sounds:** This robot comes with happy songs and fun sound effects that play when it dances and moves. The sounds improve the interaction, making it feel more like a real artist is talking to the child.
3. **LED Lights:** The robot's body is filled with bright LED lights that shine when it moves. These bright lights make an interesting show that makes the robot's actions seem more magical and makes it appealing to kids' eyes.

4. **Remote Control:** The EduCuties EC22-5R comes with a remote control that makes it easy for kids to change the robot's sounds and moves. This gets kids involved and involved with their hands by letting them control the robot to do certain things, like walk, dance, or make noises.
5. **Strength and Safety:** The EduCuties EC22-5R is made from high-quality, non-toxic ABS plastic and is safe for kids. The toy will last a long time because it is made to last. It can handle normal play and the rare bump or fall.
6. **Value for Education:** The robot helps kids improve their hand-eye coordination, fine motor skills, and imagination, among other things. Kids improve their brainpower while having fun by controlling the robot and connecting with it.
7. **Small Size:** The robot is light and small, which makes it easy for little kids to handle, move, and store. Kids can play with it easily both inside and outside thanks to its manageable size.
8. **Remote handle and Hand Gesture Control:** You can handle the EduCuties EC22-5R robot with both an infrared remote control and hand gestures. Hand movements are all it takes for kids to make the robot move forward, backward, left, or right. This function makes the game more fun and interactive, making it even more fun to play.
9. **Smart Programming:** Up to 50 different moves can be programmed into the robot. For example, kids can tell the robot to walk forward, turn, or dance, and it will do those things again in the same order. This feature lets kids be creative by letting them make up their own action plans for the robot.
10. **High-End Content:** Made from strong ABS plastic, the EduCuties EC22-5R is safe and will last a long time. It can do many moves because its shoulders, elbows, and hands are all flexible joints. The strong skating wheels make movement smooth and reliable.
11. **Convenient reusable Battery:** The robot comes with a reusable battery that can be charged easily by connecting it to a computer, power bank, or plug via USB. A full charge takes about two hours and lets you play for up to sixty minutes. This saves you money on batteries that you have to buy every time and gives you hours of fun.

12. **Ideal Gift for Kids:** The EduCuties EC22-5R is the best present for kids ages 3 to 12. It makes a great birthday or Christmas gift because it's both fun and educational, and kids will love it for hours.
13. **Safety and Environmental Certifications:** This robot is made from materials that are safe for the environment and won't hurt you. That the toy is safe and doesn't contain any chemicals that are dangerous has been proven by the Children's Product Safety (CPC) test and CPSC rules.
14. **Multiple Skills:** The robot can do more than just dance. It can sing, walk, watch, and even talk. Because it can do many things, it's a great toy for kids because it gives them lots of ways to play and encourages them to connect with it in new ways.
15. **Collision-Resistant and Kid-Friendly Design:** The EduCuties EC22-5R is made to keep kids from getting hurt while they play. It has rounded sides and soft curves. It can withstand collisions and is safe for kids, so it's a fun and safe experience for them.

## Usage

- **To Use:** Turn on the robot and use the remote control or hand gestures to command it to walk, dance, sing, and perform other movements. You can also program sequences of actions for more advanced play.
- **Charging:** Plug the robot into a USB charger for 1-2 hours to fully charge. Once charged, it provides 3-4 hours of fun-filled play.
- **Remote Control:** Insert 2 x 1.5V AA batteries into the remote (not included) to operate the robot.

## Care and Maintenance

- **Cleaning:** Use a dry cloth to wipe the robot's surface. Avoid using water or cleaning solutions to prevent

damage to the electronics.

- **Storage:** Store the robot in a dry, cool place when not in use to prolong its lifespan.
- **Battery Care:** When not in use for extended periods, recharge the robot to avoid battery depletion. Always store the robot with the battery removed if not in use for a long time.
- **Battery Replacement:** If the robot's performance slows down, consider replacing the lithium-ion battery (3.7V 600mAh) for continued optimal playtime.

## Troubleshooting

1. **Robot is not responding to commands:**
  - Ensure the robot is fully charged.
  - Check if the remote control batteries are correctly installed and functional.
2. **Remote control is not working:**
  - Replace the 2 x 1.5V AA batteries in the remote control if needed.
  - Make sure the robot is within the 24 feet control distance.
3. **Robot is not moving or dancing properly:**
  - Verify that the robot's joints are not obstructed and move freely.
  - Ensure the battery is fully charged for smooth operation.
4. **Robot's lights are not turning on:**
  - Check if the battery is fully charged.
  - Make sure the power switch is turned on.
5. **No sound:**
  - Confirm that the sound is not muted on the remote.
  - Make sure the robot's internal sound system is functioning.

## Pros and Cons

Pros	Cons
Engaging interactive features	Requires batteries
Encourages creativity and movement	Limited range of gesture responses
Durable construction	May not perform well on uneven surfaces

## Warranty

The EduCuties EC22-5R comes with a standard warranty covering manufacturing defects for one year from the date of purchase. Always keep your receipt for warranty claims.
