eeLink GPT46 GPS Tracker

## **Locate Your IMEI**

On the side of your GPT46, take note of the IMEI. This is needed to activate your tracker. If you already have a username and password, please skip stepping 4.

## **Activate Your Tracker**

Visit <http://www.sky200.com> and click the “Activation” button in the upper right. Fill out all the information, including the IMEI that is printed on the side of your tracker.

## **Charge**

See page 2 for charging instructions.

## **Begin Tracking**

You can now log into the tracking system from a computer by visiting <http://www.sky200.com> and login in with your username and password. You can also download our mobile app by visiting the app store and searching for “LoneStar Tracking”.

## **Power ON Your Tracker**

Your new GPT is shipped powered OFF. To turn on your tracker, press and hold the button on the front of the Retriever for 3 seconds until the LEDs turn ON momentarily.
