    Note: Before you use it, please tear the battery insulating protective film

2. Remove the receiver

3. Insert the receiver into the computer USB interface

Data parameter

Frequency: 2402MHz –2480MHz (2.4G)& 2402MHz –2480MHz(LE) Dual mode
Channel:16 /40
Data transmission: 2 Mbps / 1 Mbps
Distance: 15m Max
Voltage: DC1.5V
Current: 11mA
Mouse key life: 300 millions Above
Size: 113*64*32mm
Weight: 64g

System requirement:

IBM or compatible computer:
Windows: 2000/ME/XP(*64)/Vista/7/8/10
Mac OS X(V10.4 above)
Workable USB port

Warning:
Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and

2. this device must accept any interference received, including interference that may cause undesired operation.

NOTE
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
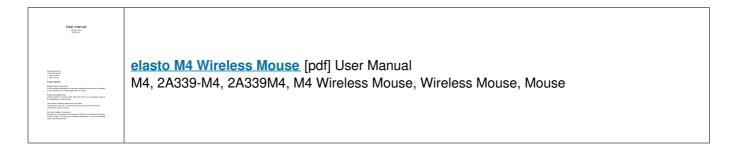

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF exposure compliance statement:
This device has been evaluated to meet the general RF exposure requirement it can be used in portable exposure condition without restriction.
