### Removing this product from your PC

This product supports hot plugging. The USB connector may be removed while the PC is operating.

## How to use the mouse

### Start the PC.

Start the PC, and then wait for it to be ready to perform operations.  
Insert the USB connector of the product into a USB port on the PC.  
Any USB port may be used.

- Be sure to sufficiently check the connector orientation and the insertion location.
- If you feel strong resistance when inserting the USB connector, check that the shape and orientation of the connector is correct. Using excessive force may damage the connector and cause injury.
- Do not directly touch the terminal area of the USB connector.

The driver will be automatically installed, and you will then be able to use the mouse.

Supported OS	® Windows 10, Windows ® 8.1, Windows ® 7, Windows ® XP (Updating the OS or installing a service pack may be necessary.) * Compatibility information was retrieved during operation confirmation in our verification environment. There is no guarantee of complete compatibility with all devices, OS versions, and applications.
Resolution	600/1200 dpi (switchable)
Interface	USB
Read method	Optical sensor method
LED	Blue
Dimensions (W × D × H)	approx. 71 × 110 × 38 (mm) * excluding cable
Cable length	approx. 1.5 m
Operational temperature/humidity	5°C to 40°C/ up to 90%RH (without condensation)
Storage temperature/humidity	-10°C to 60°C/ up to 90%RH (without condensation)

## Safety Precautions

Prohibited action

Mandatory action

The situation that needs attention

### WARNING

If a foreign object (water, metal chip, etc.) enters the product, immediately stop using the product, and remove the product from the PC. If you continue to use the product under these conditions, it may cause a fire or electric shock.

If the product is behaving abnormally, such as by generating heat, smoke, or a strange smell, immediately stop using the product, shut down the PC, and then sufficiently check whether the product is generating heat while being careful to avoid being burned. Then, remove the product from the PC. After that, contact the retailer from whom you purchased the product. Continuing to use the product under these conditions may cause a fire or electric shock.

Do not drop the product or otherwise subject it to impacts. If this product is damaged, immediately stop using it, remove the product from the PC. After that, contact the retailer from whom you purchased the product. Continuing to use the product while it is damaged may cause a fire or electric shock.

Do not attempt to disassemble, modify or repair this product by yourself, as this may cause a fire, electric shock or product damage.

Do not put this product in fire, as the product may burst, resulting in a fire or injury.

Do not insert or remove the connector with wet hands. Also, do not make alternations to or forcefully bend the connector. Doing so may cause a fire or electric shock.

## CAUTION

Do not place this product in any of the following environments:

- In a car exposed to sunlight, a place exposed to direct sunlight, or a place that becomes hot (around a heater, etc.)
- In a moist place or a place where condensation may occur
- In an uneven place or a place exposed to vibration
- In a place where a magnetic field is generated (near a magnet, etc.)
- In a dusty place

This product does not have a waterproof structure.

Use and store this product in a place where the product body will not be splashed with water or other liquid. Rain, water mist, juice, coffee, steam, or sweat may also cause product damage.

Do not use this mouse for any purpose other than for use with your computer.

Do not use this product with any device that may significantly be affected in the case of this product malfunctioning.

If this product is used on a transparent surface such as glass or a highly reflective surface such as a mirror, the optical sensor will not function correctly and the mouse pointer movement will become unstable.

If this product is not going to be used for one month or longer, remove the connector from the PC.

Avoid looking directly at the light of the optical sensor as doing so may cause eye damage.

When you no longer need to use this product, be sure to dispose of them in accordance with the local ordinances and laws of your area.

## Cleaning the Product

If the product body becomes dirty, wipe it with a soft, dry cloth.

The use of a volatile liquid (paint thinner, benzene, alcohol, etc.) may affect the material quality and color of the product.

## Limitation of Liability

In no event will ELECOM Co., Ltd be liable for any lost profits or special, consequential, indirect, punitive damages arising out of the use of this product.

ELECOM Co., Ltd will have no liability for any loss of data, damages, or any other problems that may occur to any devices connected to this product.

## Compliance status
