- **Compatible Devices:** Mouse, Keyboard, Hard Drive, USB Drive, Cell Phone/Tablet, USB Printer, Camera, Webcam and so on. Backward fit for USB 2.0/1.1
- **System Requirements:** Windows, macOS, Linux

## ATTENTION

- We strongly recommend using the power supply provided in the box only. Do not use another power supply whose voltage is higher than 12V.
- A 12V/2A power supply was provided in the box, please make sure to use the power adapter when plugged into high-powered devices such as external hard drives.
- Since the USB data port is mainly for data transfer with only regular charging speed, it isn't recommended to use this hub to charge your device for the main purpose.
- Devices that do not support quick charge protocol can only perform normal charging. Please make sure your devices support the quick charging protocol.
- Keep the powered USB hub away from children.
- Do not expose to liquids.
- Avoid extreme temperatures.
