Q: Are there language options available for the Stream Deck+?
A: Yes, the Stream Deck+ supports multiple languages. To change the language, follow these steps:
1. Press the "FR" or "DE" button for French or German language respectively.
2. Press the "ES" or "IT" button for Spanish or Italian language respectively.
Install Stream Deck

- Download and install the Stream Deck app
- Connect Stream Deck + directly to a USB port on your PC or Mac – do not use a USB hub.

Set Up Actions

- Launch the app to customize Stream Deck +. Drag actions from the right panel and drop them onto keys on the left.
- Assign single or multiple actions to the touch screen and multifunction dials.
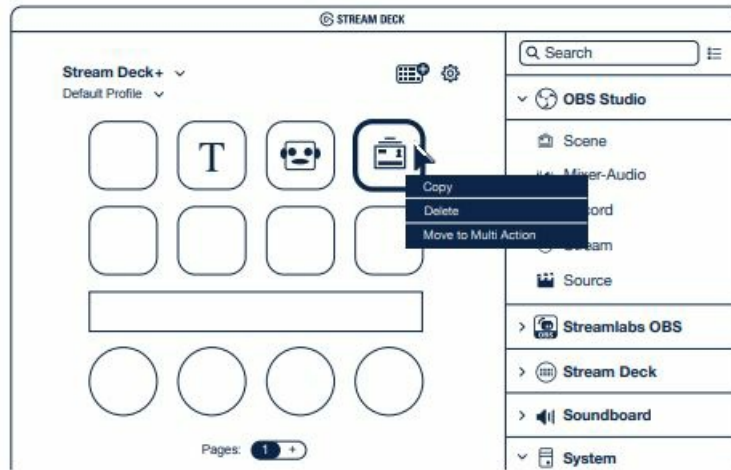

Personalize Keys

Configure your actions and personalize keys with custom icons – for best results use 144x 144 pixels jpg or png files.
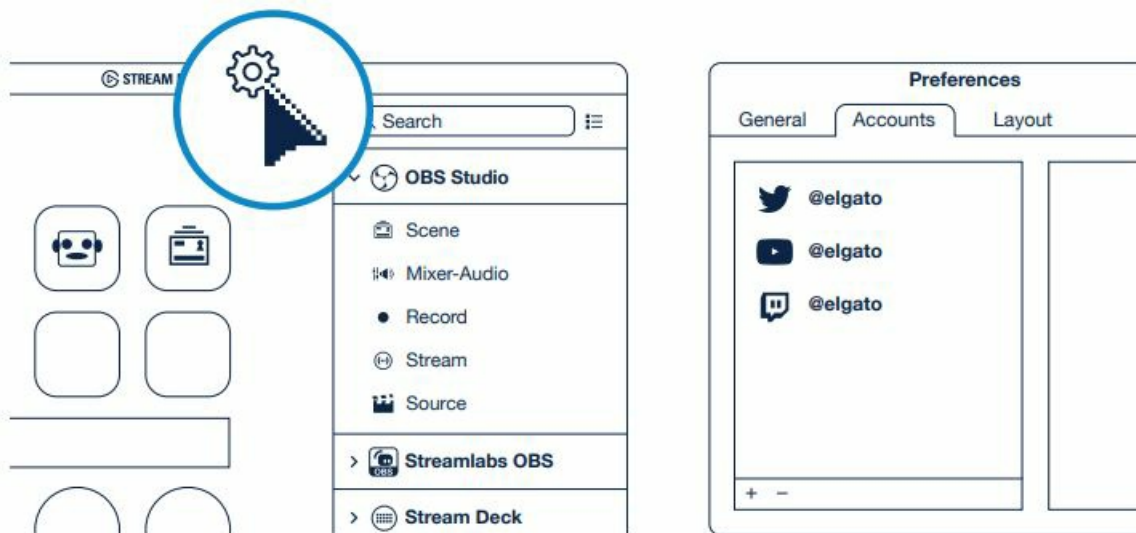

Create Folders

- Drag and drop "Create Folder" onto a key. Then drag and drop actions into that folder.
- Tap the back key to exit a folder and return to your main configuration.

Edit Keys

Right-click keys to copy, delete or move them.

Integrate Social Media

Enter your social media accounts to connect with your fans. Get tapping and unleash your creative genius.

Federal Communication Commission Interference Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. For questions about Elgato product compliance with FCC regulations, please contact: Compliance Officer, Corsair Memory Inc., 115 North McCarthy Blvd, Milpitas, CA 95035, USA
